Through in-depth case studies, Religion and Popular Music explores encounters between music, fans and religion. The book examines several popular music artists - including Bob Dylan, Prince and Katy Perry - and looks at the way religion comes into play in their work and personas. "POWERFUL AND ORIGINAL." --THE TIMES "REWARDING AND WHOLLY ENGAGING." --HISTORICAL NOVEL SOCIETY "ONE OF THE MOST IMPORTANT AND POWERFUL NOVELS OF RECENT GERMAN LITERATURE."

--DEUTSCHLANDRADIO KULTUR Hypnotically lyrical and intensely moving, Steven Uhly's epic novel set in the wake of World War II is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejzenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a

sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. Kingdom of Twilight follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it.

In a real-life scenario straight out of *The Silence of the Lambs*, Robert Keppel went one-on-one with the notorious serial killer Ted Bundy, who advised Keppel on the detective's highly publicized search for the elusive Green River Killer. Bundy's chilling revelations were chronicled in *The Riverman*, "a page-turner" (Ted Montgomery, *Detroit News*) praised by Ann Rule as "the definitive book on serials." But Ted Bundy wasn't the first killer of his kind -- or the last. *Signature Killers* They leave telltale identifiers, their gruesome "calling cards," at the scenes of their crimes. They are driven by a primitive motivation to act out the same brutality over and over. With brilliant detection, high-tech analysis -- and a little luck -- they can be caught. But what does the signature killer seek from victim to victim? The answers are hidden among the grisly evidence, the common threads that link each devastating act. Sparked by a growing concern over the steady rise of signature murders, Robert Keppel explores in

unflinching detail the monstrous patterns, sadistic compulsions, and depraved motives of this breed of killer. From the Lonely Hearts Killer who hunted the most desperate of women in 1950s America, to the savage Midtown Torso Murders that stunned the NYPD, to such infamous symbols of evil as Jeffrey Dahmer, Ted Bundy, and John Gacy, these are the cases -- horrifying, graphic and unforgettable -- that Keppel ingeniously taps to shed light on the darkest corners of the pathological mind.
