Navy SEAL who wants nothing to do with commitment, is forced to protect his neighbor and her unborn baby when her past comes calling. Jack "Mars" Marsten lives in an apartment he never made a home. He made the mistake of marrying right out of boot camp to his high school sweetheart. When his wife left him during BUDS training, he vowed never to marry again. No entanglements. Period. Deirdre Anne Tyler is running from her ex-boyfriend who beat her when he found out she was pregnant. She changed her name to Anne Smith and is hiding in an apartment next door to a cranky Navy SEAL who barely says hello. Which is just as well. The fewer people who know her and where she is, the less chance of her ex finding her. Until he does... When trouble comes calling, Anne hides in her neighbor's apartment. Jack wants nothing to do with the woman but can't send her back to deal with her problem on her own. Stuck with the woman, he's now responsible for keeping her alive until her baby is born. How hard could that be? Harder than he originally thought when he finds himself falling for the pretty mother-to-be. No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned. the pretty mother-to-be. No-commitment Jack sinks deeper into his own kind of trouble where Anne is concerned.

In this work, Muhsin Mahdi—widely regarded as the preeminent scholar of Islamic political thought—distills more than four decades of research to offer an authoritative analysis of the work of Alfarabi, the founder of Islamic political philosophy. Mahdi, who also brought to light writings of Alfarabi that had long been presumed lost or were not even known, presents this great thinker as his contemporaries would have seen him: as a philosopher who sought to lay the foundations for a new understanding of revealed religion and its relation to the tradition of political philosophy. Beginning with a survey of Islamic philosophy and a discussion of its historical background, Mahdi

considers the interrelated spheres of philosophy, political thought, theology, and jurisprudence of the time. He then turns to Alfarabi's concept of "the virtuous city," and concludes with an in-depth analysis of the trilogy, Philosophy of Plato and Aristotle. This philosophical engagement with the writings of and about Alfarabi will be essential reading for anyone interested in medieval political philosophy.

Stephan Kuttner, the historian of canon law, gave the Wimmer Memorial Lecture at Saint Vincent in 1956. His talk, *Harmony From Dissonance: An Interpretation of Medieval Canon Law*, was published four years later. At the time of his lecture, and certainly at the time of his death, on August 12, 1996, in Berkeley, he was internationally recognized as one of the world's greatest authorities on canon and civil law. Kuttner, a native of Bonn, Germany, received his law degree from Berlin University in 1931. He worked as a research fellow at the Vatican Library and taught at the Lateran University in Rome after fleeing Nazi Germany for Italy. He was a professor at Catholic University of America, Washington, D.C., which has a chair named in his honor. He held the T. Lawrason Riggs Chair of Catholic Studies at Yale, then became the first director of the Robbins Collection in Roman and Canon Law at the University of California, Berkeley School of Law. He taught there for 18 years (1970-1988), and continued as professor emeritus until his death. The Institute of Research and Study in Medieval Canon Law was established in Washington, D.C. Its headquarters were transferred to Yale in 1964, and later to Berkeley in 1970. The Institute was relocated to the University of Munich in 1991. Yale now hosts the Kuttner Institute Library. The Institute was named after Kuttner in 1996, who served as the its board president from 1955 to 1991; as chairman of the board from 1991 until 1996; and as editor, then editor emeritus of the *Bulletin of Medieval Canon Law* and as chief editor of the *Monumenta Iuris Canonici*.

When Tiffani is mated to an Atlan warrior believed lost to mating fever, she will stop at nothing to save him, including sneaking into an Atlan prison to seduce his beast. Sick and tired of the dead-end path her life is taking, Tiffani Wilson heads to the nearest Interstellar Bride processing center to start over. She's promised an amazing mate, an Atlan Warlord who will not only relish her plus sized body, but heal her lonely heart. Commander Deek of Atlan has lost control of his inner beast and sits in an Atlan prison cell awaiting execution. Unfortunately, nothing can save an unmated male. When Tiffani's transport to Atlan is denied due to her mate's unstable condition, she will stop at nothing to save him and the life she was promised. Her mate is out there, he's in trouble, and she knows she's the only one in the universe who can save him. Deek and his inner beast take one look at Tiffani's soft, lush body and know they will do anything to possess her, even if it means pushing her sensual limits or taking her over his knee. But it's not just Deek's tenuous hold on the beast that stands in the way of their happily-ever-after, for Deek's descent into mating fever was no accident, and his enemies will not surrender so easily.

'Grace Burrowes is terrific!' Julia Quinn, Sunday Times bestselling author of the Bridgerton series A difficult duke, a determined lady and too many secrets . . . Nathaniel, Duke of Rothhaven, lives in seclusion, leaving his property only to gallop his demon-black steed across the moors by moonlight. Exasperated mamas invoke his name to frighten small children, though Nathaniel is truly a decent man - maybe too decent for his own good. That's precisely why he must turn away the beguiling woman demanding his help. Lady Althea Wentworth has little patience for dukes, reclusive or otherwise, but she needs Rothhaven's backing to gain entrance into Polite Society. She's asked him nicely, she's called on him politely, all to no avail - until her prize hogs just happen to plunder the ducal orchard. He longs for privacy. She's vowed to never endure another ball as a wallflower. Yet as the two grow closer, it soon becomes clear they might both be pretending to be something they're not. The Solar League, humanity's empire, has existed since mankind reached for the stars. While the humans considered it the pinnacle of human achievement, for the subjugated alien races it seemed only to endorse humanity's worst impulses. But the worst of humanity pales in comparison to an alien onslaught that is on the verge of bringing mankind down into death and subjugation. Thracius "Tracy" Belmanor helps lead the Solar League's desperate defense against this new alien threat while the Empress of the Solar League, Mercedes, tries to keep the League from tearing apart. However, neither is prepared for the questions that need to be answered to save mankind and all of the human and non-human citizens of the League. Is humanity redeemable? Can the League reform into something better? Tracy and Mercedes must ask these questions of themselves and then decide the future of humanity while facing betrayals, ambition, and secrets that may bring about a dark age for the galaxy.

How can we bring people together? Sociologist and best-selling author Eric Klinenberg introduces a transformative and powerfully uplifting new idea for health, happiness, safety and healing our divided, unequal society. 'This wonderful book shows us how democracies thrive' Steven Levitsky & Daniel Ziblatt, authors of How Democracies Die Too often we take for granted and neglect our libraries, parks, markets, schools, playgrounds, gardens and communal spaces, but decades of research now shows that these places can have an extraordinary effect on our personal and collective wellbeing. Why? Because wherever people cross paths and linger, wherever we gather informally, strike up a conversation and get to know one another, relationships blossom and communities emerge – and where communities are strong, people are safer and healthier, crime drops and commerce thrives, and peace, tolerance and stability take root. Through uplifting human stories and an illuminating tour through the science of social connection, Palaces for the People shows that properly designing and maintaining this 'social infrastructure' might be our single best strategy for a more equal and united society.

Essays on Literacy Jack Mars

"Emilia Ferreira is one of the great thinkers in the Americas on the issues surrounding literacy. Three of her most important lectures are presented in this book. Her views have changed the systems of education in her own country, Mexico, and have had a radical impact on education in Brazil, where she is the recipient of the country's highest distinction. Her ideas have ideological and political implications for policies regarding publishing (including the publishing of textbooks), access to books and the development of readers all over the world." "Although poor countries have not overcome illiteracy, rich countries are finding that a basic education does not guarantee fully functional readers. While some of us are fluent in the language of hypertext, e-mail and the virtual pages of non-existent books, there are others who have not mastered newspapers or books." "If democracy is incompatible with an illiterate citizenry, full democracy requires an ability to read that goes beyond the deciphering of words. This ability is the right of children who will grow up as free citizens in a world where linguistic and cultural diversity are as important as biodiversity."--BOOK JACKET.

The Daddy and The Dom Bioengineering Fundamentals

From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism. Influenced first by Islamic theological speculation and the great philosophers of classical antiquity, and then in the late medieval period by Christian Scholasticism, Jewish philosophers and scientists reflected on the nature of language about God, the scope and limits of human understanding, the eternity or createdness of the world, prophecy and divine providence, the possibility of human freedom, and the relationship between divine and human law. Though many viewed philosophy as a dangerous threat, others incorporated it into their understanding of what it is to be a Jew. This Companion presents all the major Jewish thinkers of the period, the philosophical and non-philosophical contexts of their thought, and the interactions between Jewish and non-Jewish philosophers. It is a comprehensive introduction to a vital period of Jewish intellectual history.

Part of Our Lives Wiley

"Part of Our Lives challenges the conventional idea that public libraries are valuable mostly because they are essential to democracy. Instead, this book uses the voices of generations of public library users to argue that Americans have loved their libraries for the useful information they make accessible; the public spaces they provide; and the commonplace reading materials they supply that help users make sense of the world around them."--
