Ant Anstead's Building
a Special brings the
Haynes story full
circle, coming 61
years after the
original Building a
750 Special was
written by John
Haynes, Haynes

Publishing's founder,
when he was still a
schoolboy. This book
is a TV tie-in,
following the 12-part
TV series Ant Anstead
Master Mechanic, aired
on Motor Trend, part
of the Discover
Network in the US and
UK, following Ant
Anstead's build of his
own-design 'special'
car, taking
inspiration from the
Alfa 158 - the first
World Championship-
winning F1 car, which
raced from the 1930s
until the 1950s. The
12-part TV series
followed Ant's build
of the car, from the
first design ideas,
through the
construction,
culminating in the
debut of the car
during the 2019 US
Grand Prix weekend in
Austin, Texas. The
book follows Ant's
personal build of the

car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying the chassis, building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes: Introduction The history of specials Planning Donor car Chassis, suspension, steering, rear axle Engine, fuel system, cooling system, ancillaries, exhaust Gearbox Bodywork Braking system Cockpit Wiring Preparation and painting Testing Setting up and Making road legal.
