abilities to better perform their leadership roles in Scouting and also to assist them as parents in strengthening families.

*Sound & Vision* Scarecrow Press

This book analyzes Shakespeare's use of biblical allusions and evocation of doctrinal topics in Hamlet, Measure for Measure, The Winter's Tale, Richard II, and The Merchant of Venice. It identifies references to theological and doctrinal commonplaces such as sin, grace, confession, damnation, and the Fall in these plays, affirming that Shakespeare's literary imagination is very much influenced by his familiarity with the Bible and also with matters of church doctrine. This theological and doctrinal subject matter also derives its significance

from genres as diverse as travel narratives, sermons, political treatises, and royal proclamations. This study looks at how Shakespeare's deployment of religious topics interacts with ideas circulating via other cultural texts and genres in society. It also analyzes how religion enables Shakespeare's engagement with cultural debates and political developments in England: absolutism and law; radical political theory; morality and law; and conceptions of nationhood.

American Society for Aesthetics Selma Jeanne Cohen Prize in Dance Aesthetics Before Columbus Foundation American Book Award Dancing in Blackness is a professional dancer's personal journey over four decades, across three continents and 23 countries, and through defining moments in the story of black dance in America. In this memoir, Halifu Osumare reflects on what blackness and dance have meant to her life and international career. Osumare's story begins in 1960s San Francisco amid the Black Arts Movement, black militancy, and hippie counterculture. It was there, she says, that she chose dance as her own revolutionary statement. Osumare describes her experiences as a young black dancer in Europe teaching "jazz ballet" and establishing her own dance company in Copenhagen. Moving to New York City, she danced with the Rod Rodgers Dance Company and took part in integrating the programs at the Lincoln Center. After doing dance fieldwork in Ghana, Osumare returned to California and helped develop Oakland's black dance scene. Osumare introduces readers to some of the major artistic movers and shakers she collaborated

with throughout her career, including Katherine Dunham, Pearl Primus, Jean-Leon Destine, Alvin Ailey, and Donald McKayle. Now a black studies scholar, Osumare uses her extraordinary experiences to reveal the overlooked ways that dance has been a vital tool in the black struggle for recognition, justice, and self-empowerment. Her memoir is the inspiring story of an accomplished dance artist who has boldly developed and proclaimed her identity as a black woman.

Ways of the World explores cosmopolitanism as it emerged during the Restoration and the role theater played in both memorializing and satirizing its implications and consequences. Rooted in the Stuart ambition to raise the status of England through two crucial investments—global traffic, including the slave trade, and cultural sophistication—this intensified global orientation led to the creation of global mercantile networks and to the rise of an urban British elite who drank Ethiopian coffee out of Asian porcelain at Ottoman-inspired coffeehouses. Restoration drama exposed cosmopolitanism's most embarrassing and troubling aspects, with such writers as Joseph Addison, Aphra Behn, John Dryden, and

William Wycherley dramatizing the emotional and ethical dilemmas that imperial and commercial expansion brought to light. Altering standard narratives about Restoration drama, Laura J. Rosenthal shows how the reinvention of theater in this period—including technical innovations and the introduction of female performers—helped make possible performances that held the actions of the nation up for scrutiny, simultaneously indulging and ridiculing the violence and exploitation being perpetuated. In doing so, Ways of the World reveals an otherwise elusive consistency between Restoration genres (comedy, tragedy, heroic plays, and tragicomedy), disrupts conventional understandings of the rise and reception of early capitalism, and offers a fresh perspective on theatrical culture in the context of the shifting political realities of seventeenth- and eighteenth-century Britain.

One of the few studies covering the historical flow of mime from its beginnings to postmodern movement theatre, this book explores the evolution of mime and pantomime from the Greeks to the 20th Century, depicting the role of mime in dance, clowning, the cinema, and verbal theatre throughout the centuries. With over sixty illustrations, this worldwide study is indispensable for the student, teacher, or fan of mime.  
The National Cyclopaedia of American Biography Scarecrow Press  
This anthology of hard-to-find primary documents provides a solid overview of the foundations of American media studies. Focusing on mass communication and society and how this research fits into larger patterns of social thought, this valuable collection features key texts covering the media studies traditions of the Chicago school, the effects tradition, the critical theory of the Frankfurt school, and mass society theory. Where possible, articles are reproduced in their entirety to preserve the historical flavor and texture of the original works. Topics include popular theater, yellow journalism, cinema, books, public relations, political and military propaganda, advertising, opinion polling, photography, the avant-garde, popular magazines, comics, the urban press,

radio drama, soap opera, popular music, and television drama and news. This text is ideal for upper-level courses in mass communication and media theory, media and society, mass communication effects, and mass media history.
