Verb Movement

Universal Grammar

And The Structure Of

Ip

One of the parameters

that is open in

Universal Grammar is

the pro-drop

parameter which is

concerned roughly

speaking with the

relationship of

government between

Subjects and Verbs

(Chomsky 1981a).

English chooses not to

have pro-drop; a

Subject is required for

every sentence and it

cannot be inverted

with the verb in

declarative sentences.

Verb Movement Universal Grammar And The Structure Of Ip Universal Grammar,

the first factor, provides a template for the underspecification of the formal features in terms of which parameters are defined. ... Cross-linguistic variation in word order, null subjects, incorporation, verb-movement, case/alignment, wh-movement, and negation are all analysed in the light of this approach.

In early work in generative grammar, the label VP was intended as a mnemonic abbreviation for the verb phrase of traditional grammar and did indeed correspond to that category. In current phrase structure theory, however, the label that corresponds to the traditional verb phrase is V', whereas

VP includes a verb's subject, which the traditional verb phrase does not.
