Verizon Corporate Headquarters | About Verizon

As one of the most popular social engineering attack types, phishing scams are email and text message campaigns aimed at creating a sense of urgency, curiosity or fear in victims. It then prods them into revealing sensitive information, clicking on links to malicious websites, or opening attachments that contains malware.

Need to reach Engineering Department - Verizon Fios Community

I am at my wits' end trying to reach the engineering department. We were notified about 3 years ago via flyer that FIOS was available in my small townhouse community. I believe there is a easement that each homeowner has to grant if they want to have FIOS installed at their address. At the time, ...
