Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Vermont Natural History

Cambridge University Press
As Jonathan Lethem put, Steve Erickson's journal of the last 18 months of the Trump Presidency "sears the page." Erickson, one of our finest novelists, has long been an astute political observer, and American Stutter, part political declaration, part humorous account of more personal matters, offers a particularly moving reminder of the democratic ideals that we are currently struggling to preserve. Written with wit, eloquence, and a controlled

fury as event unfold, Erickson has left us with an essential record of our recent history, a book to be read with our collective breath held.* Steve Erickson is the author of ten novels and two books about American culture. For 12 years he was founding editor of the national literary journal Black Clock. Currently he is the film/television critic for Los Angeles magazine and a Distinguished Professor at the University of California, Riverside. He has received a Guggenheim fellowship, the American Academy of Arts and Letters award, and the Lannan Lifetime Achievement award.

Safe, Supportive, and Successful Schools Step by Step is a "cookbook" for planning and funding three levels of school improvement: (1) schoolwide programs focusing on the social,

ethical, and emotional development of ALL students; (2) early interventions for SOME students who have minor behavioral problems; and (3) intensive interventions for those FEW students who experience significant emotional and behavioral disorders. The Step by Step kit includes a CD-ROM with vital components of the program: Early Warning, Timely Response guide (in Spanish and English); Action Guide (in Spanish and English); and Promising Practices for Safe and Effective Schools video.

The Heart of the White Mountains

Sopris West Frederick Douglass recounts early years of abuse, his dramatic escape to the North and eventual

freedom, abolitionist campaigns, and his crusade for full civil rights for former slaves. It is also the only of Douglass's autobiographies to discuss his life during and after the Civil War, including his encounters with American presidents such as Lincoln, Grant, and Garfield.

American Stutter: 2019-2021
Harper Collins

"Guns, Democracy, and the Insurrectionist Idea recasts the gun debate by showing its importance to the future of democracy and the modern regulatory state. Until now, gun rights advocates had effectively co-opted the language of liberty and democracy and made it their own. This book is an important first step in demonstrating how reasonable gun control is essential to the survival of democracy and ordered liberty." ---Saul Cornell, Ohio State University

When gun enthusiasts talk about freedom and expose constitutional liberties guaranteed by the Second Amendment, they are referring to freedom in a general sense, but they also have something more specific in mind---freedom from government oppression. They argue that the only way to keep federal authority in check is to arm individual citizens who can, if necessary, defend themselves from an aggressive government. In the past decade, this view of the proper relationship between government and individual rights and the insistence on a role for private violence in a democracy has been co-opted by the conservative movement. As a result, it has spread beyond extreme militia groups to influence state and national policy. In *Guns, Democracy, and the Insurrectionist Idea*, Joshua Horwitz and Casey Anderson set the record straight. They challenge the proposition that more guns equal more

Insurrectionism as a true threat to freedom in the United States today. Joshua Horwitz received a law degree from George Washington University and is currently a visiting scholar at the Johns Hopkins Bloomberg School of Public Health. Casey Anderson holds a law degree from Georgetown University and is currently a lawyer in private practice in Washington, D.C.

The Book of the Damned Office of the Secretary, Historical Office Includes section "Book reviews." Quest Verso Books Compliance has become key to our contemporary markets, societies, and modes of governance across a variety of public and private domains. While this has stimulated a rich body of empirical and practical expertise on compliance, thus far, there has been no comprehensive

understanding of what compliance is or how it influences various fields and sectors. The academic knowledge of compliance has remained siloed along different disciplinary domains, regulatory and legal spheres, and mechanisms and interventions. This handbook bridges these divides to provide the first one-stop overview of what compliance is, how we can best study it, and the core mechanisms that shape it. Written by leading experts, chapters offer perspectives from across law, regulatory studies, management science, criminology, economics, sociology, and psychology. This volume is the definitive and comprehensive account of compliance.

Argues against educational practices that teach students to be ashamed of American history, offering a history of the United

States that highlights the country's virtues while placing its darker periods in political and historical context.

The College Writer Penguin

' A Lost Lady ' is Willa Cather ' s brilliant depiction of the decline of the American pioneer spirit and the bleakness of frontier life. In it, socialite Marrian Forrester lives with her husband, the ageing industrial magnate Captain Forrester, in the small town of Sweet Water. To the young, adoring narrator Niel Herbert, she is both bewitching and beautiful. The very definition of a lady. But Marrian Forrester is not what she seems and sparked by the death of her husband; her social decline lays bare her contradictions to the town. Published in 1923, Cather ' s revered novel is an elegy to the pioneer west. The writer F. Scott Fitzgerald acknowledged its influence on his famous work ' The Great Gatsby ' and the character of Daisy Buchanan in particular. Willa Cather (1873-1947) was an American writer who won acclaim for her novels that captured the American

pioneer experience. Her books include ' O Pioneers! ' (1913), ' The Song of the Lark ' (1915), ' My Ántonia ' (1918) and Death Comes for the Archbishop (1927) which was an instant critical success. In 1923, Cather gained widespread international recognition when she was awarded the Pulitzer Prize for ' One of Ours ' , a novel set during World War I. Willa Cather was granted honorary degrees by Princeton, Berkeley and Yale and in 1931 she graced the cover of Time Magazine. The American Academy of Arts and Letters awarded her a gold medal for fiction in 1944.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on

active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Sierra Club Bulletin

Building on A People ' s History of the United States, this radical world history captures the broad sweep of human history from the perspective of struggling classes. An “ indispensable volume ” on class and capitalism throughout the ages—for readers reckoning with the history they were taught and history as it truly was (Howard Zinn) From the earliest human societies to the Holy Roman Empire, from the Middle Ages to the Enlightenment, from the Industrial Revolution to the end of the twentieth century, Chris Harman provides a brilliant and comprehensive history of the human race. Eschewing the

standard accounts of “ Great Men, ” of dates and kings, Harman offers a groundbreaking counter-history, a breathtaking sweep across the centuries in the tradition of “ history from below. ” In a fiery narrative, he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments. While many scholars see the victory of capitalism as now safely secured, Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age. A vital corrective to traditional history, *A People's History of the World* is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress.

INTERNATIONAL

BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of

technology in our lives—a “ compulsively readable parable for the 21st century ” (*Vanity Fair*). When Mae Holland is hired to work for the Circle, the world ’ s most powerful internet company, she feels she ’ s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users ’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company ’ s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by

the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.
