"Vessel" by Andrew J. Morgan, audiobook narrated by Victor Bevine, appears to be a blending of various genres and sub genres such as: science fiction, first contact, detective procedural, and government conspiracy in a single well-written action-packed thriller. The book includes aliens, life, death, and a little bit of romance along the way. There were a few intense periods and a few ...

Vessel Kindle Edition Andrew J Morgan

Vessel is an ambitious story, which at times suffered from either a lack of planning or guess work when it came to research. Andrew creates a good foundation of realism in order to make the fantastical elements believable. I didn't enjoy the initial introduction to the abbreviations and jargon, especially in the opening scenes. It would have ...

Vessel Kindle Edition Andrew J Morgan

Andrew comments in the second edition why he wrote what he wrote in the first edition. E.g. He wrote that there were three reasons a person might bluff and he goes on to write that "Edition two (or three) kills the third reason, and here is why.." and then it trails on and seems to segue from other more germane points... It would make the read easier to get through if he doesn't argue often ...

[Amazon.co.uk: kindle](#)

The story, Vessel, by author Andrew J. Morgan, is a decent sci-fi read, if a bit slow. Most of the story involves building mystery and suspense where there is none (there is an extremely slow political/personal-problem reveal going on), while the object of the story--the alien vessel--is mostly ignored. This reviewer only got the occasional glimpse of the craft from an International Space ...

Vessel Kindle Edition Andrew J Morgan

When The Sorcerer ' s Gamble releases, both Kindle editions of The Crystal Seal, and The Candescent Vessel will be free for one week! This is in part to celebrate the release of the final volume in the trilogy, but also as a means to re-acquire the second volume if you were effected by the corrupted file. As the second part of my reaction to this issue, I have dropped the price of the Kindle ...
