It discusses, inter alia, the limited evidence for Valerius' life; the main features of his often difficult poetic language; the handling of the Argonautic myth in literature prior to Valerius; his innovative treatment of the inherited material; and his self-positioning within the broader literary tradition, particularly his sophisticated adaptation of formal and thematic elements from his two principal poetic models, Apollonius Rhodius' *Argonautica* and Virgil's *Aeneid*. While the commentary is written for readers with some competence in Latin, the introduction, and the facing English translation, are thoroughly accessible to non-Latinate readers with an interest in Roman literature and in the ancient epic tradition."--BOOK JACKET.

This book revisits the American canon of novels, memoirs, and films about the war in Vietnam, in order to reassess critically the centrality of the discourse of American victimization in the country ' s imagination of the conflict, and to trace the strategies of representation that establish American soldiers and veterans as the most significant victims of the war. By investigating in detail the imagery of the Vietnamese landscape recreated by American authors and directors, the volume explores the proposition that Vietnam has been turned into an American myth, demonstrating that the process resulted in a dehistoricization and mystification of the conflict that obscured its historical and political realities. Against this background, representations of the war ' s victims—Vietnamese civilians and American soldiers—are then considered in light of their ideological meanings and uses.

Ultimately, the book seeks to demonstrate how, in a relation of power, the question of victimhood can become ideologized, transforming into both a discourse and a strategy of representation—and in doing so, to demythologize something of the "Vietnam" of American cultural narrative.

The compiler has worked entirely in the South of the Punjāb, and the work does not pretend to be more than a contribution to a very widely spoken and full language. No one man could hope to complete a dictionary of dialects spread over so wide an area.

The island of Saint-Domingue in the sunlit Caribbean erupts into chaos. A slave revolt forces thousands of French colonists, free people of color, and their slaves to take to sea in crowded sailing vessels enduring starvation and disease in an attempt to escape economic upheaval and burning plantations. The Creole City experiences an influx of French refugees forever altering the cultural landscape of New Orleans. Among the Creole immigrants are members of the Bozant family. Having lost everything in Saint-Domingue, Jean Bozant and his siblings attempt to rebuild their lives. They eventually find a place for themselves with the help of the welcoming Creoles of New Orleans. Mayor James Mather said, "... they appear to be active, industrious people. They evince ... on every occasion their respect for our laws and their confidence in our government." By 1815, they gained enough confidence with the military to form their own battalion in the Battle of New

Orleans. Welcome to the saga of the The Bozant Family: Saint-Domingue to New Orleans. The Christian canon of scripture, known as the New Testament, excluded many of the Church's traditional stories about its origins. Although not in the Bible, these popular stories have had a powerful influence on the Church's traditions and theology, and a particularly marked effect on visual representations of Christian belief. This book provides a lucid introduction to the relationship between the apocryphal texts and the paintings, mosaics, and sculpture in which they are frequently paralleled, and which have been so significant in transmitting these non-Biblical stories to generations of churchgoers.

Dan Showalter was Speaker Pro Tem of the California State Assembly at the outbreak of the Civil War and the exemplar of treason in the Far West among the pro-Union press. He gained notoriety as the survivor of California's last political (and actual, fatal) duel, for his role in the display of a Confederate flag in Sacramento, and for his imprisonment after an armed confrontation with Union troops. Escaping to Texas, he distinguished himself in the Confederate service in naval battles and in pursuit of Comanche raiders. As commander of the 4th Arizona Cavalry, he helped recapture the Rio Grande Valley from the Union

and defended Brownsville against a combined Union and Mexican force. Refusing to surrender at war's end, he fled to Mexico, where he died of a wound sustained in a drunken bar fight at age 35.
