The Reed's VHF DSC Handbook is a user-friendly guide that gets marine VHF radio users quickly up to speed with both the analogue and digital functions on the radio. Sue Fletcher's straightforward explanations and tips describe the leisure craft VHF DSC radio system in detail and its place within GMDSS. Since it was first published it has become the standard work on the subject. Updated to take into account new developments and procedures it provides: all the information

Certificate (SRC) - which is compulsory for anyone using a VHF DSC radio; radio procedure, channel allocation, VHF radio theory and more; a full explanation of GMDSS, including details on EPIRBs, SARTs and Navtex; an invaluable onboard reference. The rescue authorities and commercial maritime world now rely almost entirely on DSC for initial contact, so if you need help and want to be heard, a marine VHF DSC radio is essential. 'If you are looking for just one book to explain all marine VHF operating code and procedure, you need look no further...

Packed with hints, tips and sound advice, it explains, in the clearest possible way, all one could wish to know about VHF, present and future.' Yachting Monthly

Emotions play an important role in both sport and games, from the pride and joy of victory, the misery and shame of defeat, and the anger and anxiety felt along the way. This volume brings together experts in the philosophy of sport and games and experts in the

philosophy of emotion to investigate this important area of research. The book discusses the role of the emotions for both participants and spectators of sports and games, including detailed discussions of suffering, shame, anger, anxiety, misery and hatred. It also investigates the issues of collective emotions in relation to sport such as the shared joy of a football crowd when their team scores a goal. In addition, this volume examines the role of pretence and make believe in emotional reactions to sport. In so doing, it makes important contributions both to the philosophy of sport and to the philosophy of emotions, which will be of interest to researchers and students in both fields. This book was first published as a special issue of the Journal of the Philosophy of Sport.
