This volume brings together leading scholars and practitioners to address the theory and practice of African-centered education. The contributors provide (1) perspectives on the history, methods, successes and challenges of African-centered education, (2) discussions of the efforts that are being made to counter the miseducation of Black children, and (3) prescriptions for—and analyses of—the way forward for Black children and Black communities. The authors argue that Black children need an education that moves them toward leading and taking agency within their own communities. They address several areas that capture the essence of what African-centered education is, how it works, and why it is a critical imperative at this moment. Those areas include historical analyses of African-centered education; parental perspectives; strategies for working with Black children; African-centered culture, science and STEM; culturally responsive curriculum and instruction; and culturally responsive resources for teachers and school leaders.

It's the revolutionary math study guide just for middle school students from the brains behind Brain Quest. Everything You Need to Ace Math . . . covers everything to get a student over any math hump: fractions, decimals, and how to multiply and divide them; ratios, proportions, and percentages; geometry; statistics and probability; expressions and equations; and the

coordinate plane and functions. The BIG FAT NOTEBOOK™ series is built on a simple and irresistible conceit—borrowing the notes from the smartest kid in class. There are five books in all, and each is the only book you need for each main subject taught in middle school: Math, Science, American History, English Language Arts, and World History. Inside the reader will find every subject's key concepts, easily digested and summarized: Critical ideas highlighted in neon colors. Definitions explained. Doodles that illuminate tricky concepts in marker. Mnemonics for memorable shortcuts. And quizzes to recap it all. The BIG FAT NOTEBOOKS meet Common Core State Standards, Next Generation Science Standards, and state history standards, and are vetted by National and State Teacher of the Year Award – winning teachers. They make learning fun and are the perfect next step for every kid who grew up on Brain Quest.
