Vibrational Energy. When you change the energy field that the atom is in, you change the atom.

And this energy and vibration will match with the exact energy and vibrations that exists in the Quantum Field and attract that energy to you.

This energy can come in the form of people, circumstances and physical things.

### Stock Market Trading Schools | Pocketsense

Through the Law of Vibration every stock in the market moves in its own distinctive sphere of activity, as to intensity, volume and direction; all the essential qualities of its evolution are characterized in its own rate of vibration. Stocks like atoms, are really centers of energies, therefore they are controlled, mathematically.
