## Victa Advanced Pull-Start Repair | Push Mower Repair

Step 1. Turn of the fuel,  
remove the fuel line along  
with the top cover and place  
it aside. Step 2. Remove the  
starter by undoing the three  
bolts holding it in place with  
the socket wrench these bolts  
are usually 11mm or 12mm.  
If there is no crank case seal  
it will need replacing  
(available here).
