Pufftail the tabby cat was a prince among strays. He was charming, adventurous, a gentleman of the road - not for him a life purring around the shins of a Two Footer.

Now that he's old and grey-whiskered, he can laze in the sun, telling the story of his life to his admiring young grandkitten. Not all his memories are happy though. He's been thrown out of a moving car, been experimented on in a science lab and joined the violent Cat Brotherhood. Some Two Footers have been kind to him, but he'd rather be free. And he can't understand humans at all. Why do they live in giant cages? Why do they put smoking chimneys in their mouths? And why do they want their own animals? Clever, moving, imaginative and funny, this is both a wonderful adventure story, and a sly look at humans through the eyes of a cat.

By the end of the nineteenth century, almost all the great writers, artists and intellectuals had abandoned Christianity, and many had abandoned belief in God altogether. A.N. Wilson demonstrates through such diverse lives as those of Gibbon, Kant, and Marx, the doubt about religion had many sources. By 1900 the Church was vastly rich and powerful, but was seen by many as spiritually empty, however full its pews might be of a Sunday. Echoes of the death of God could be heard everywhere; in the revolutionary politics of Garibaldi and Lenin; in the poetry of Tennyson, the plays of Shaw and the novels of Hardy; in the philosophy of Hegel and in the work of Freud; in the first stirrings of feminism. Wilson's fascinating and challenging account shows how the decline of religious certainty in Victorian times had its origins with the eighteenth-century sceptics - but brought a devastating sense of emotional loss which extends to our own times.

The Rise and Fall of the House of Windsor Vintage UK

Ugandan author Victoria Wilson Darrah takes us on a fascinating journey that spans several continents, challenges her belief in God, & celebrates the beautiful relationship she shared with her father. Darrah escaped Idi Amin's reign of terror at the age of sixteen to become a twentieth-century prodigal in the campus life of California. This is a brave book, for the author is content to reveal the full extent of her temptations & traumas as an African colliding with the materialistic, predominantly white society of the West. When her father, the Rev. John Wilson, a famous African evangelist, is brutally assassinated while trying to reconcile the warring factions in Uganda, Victoria faces a crisis that only God can see her through. As a result, Darrah has spent much of the past years since her father's death fighting to keep his legacy & his dream for peace & reconciliation alive, making this a very tender book. For those who want an uncompromising encounter with the God of the Bible, *MY FATHER'S DAUGHTER* takes Christianity onto a whole new level. With keen insight & refreshing frankness, Darrah writes about fathers & daughters, mothers & their children, society, politics, love & other subjects. It is

My Father's Daughter HarperCollins

"The *Spiritual Lives* series features biographies of prominent men and women whose eminence is not primarily based on a specifically religious contribution. Each volume provides a general account of the figure's life and thought, while giving special attention to his or her religious contexts, convictions, doubts, objections, ideas, and actions. Many leading politicians, writers, musicians, philosophers, and scientists have engaged deeply with religion in significant and resonant ways that have often been overlooked or underexplored. Some of the volumes will even focus on men and women who were lifelong unbelievers, attending to how they navigated and resisted religious questions, assumptions, and settings. The books in this series will therefore recast important figures in fresh and thought-provoking ways"--

My Dearest, Dearest Albert HarperCollins

'Writing about Queen Victoria has been one of the most joyous experiences of my life. I have read thousands (literally) of letters never before published, and grown used to her as to a friend. Maddening? Egomaniac? Hysterical? A bad mother? Some have said so. What emerged for me was a brave, original woman who was at the very epicentre of Britain's changing place in the world: a solitary woman in an all-male world who understood politics and foreign policy much better than some of her ministers; a person possessed by demons, but demons which she was brave enough to conquer. Above all, I became aware, when considering her eccentric friendships and deep passions, of what a loveable person she was.' A. N. Wilson

From renowned historian, biographer and novelist, A.N. Wilson, a deep personal, literary, and historical exploration of the Bible. In *The Book of the People*, A. N. Wilson explores how readers and thinkers have approached the Bible, and how it might be read today. Charting his own relationship with the Bible over a lifetime of writing, Wilson argues that it remains relevant even in a largely secular society, as a philosophical work, a work of literature, and a cultural touchstone that the western world has answered to for nearly two thousand years: Martin Luther King was "reading the Bible" when he started the Civil Rights movement, and when Michelangelo painted the fresco cycles in the Sistine Chapel, he was "reading the Bible." Wilson challenges the way fundamentalists—whether believers or non-believers—have misused the Bible, either by neglecting and failing to recognize its cultural significance, or by using it as a weapon against those with whom they disagree. Erudite, witty and accessible, *The Book of the People* seeks to reclaim the Good Book as our seminal work of literature, and a book for the imagination.
