For answers, turn to Mark Fleischmann's Practical Home Theater: A Guide to Video and Audio Systems, now in its fourth edition, thoroughly revised and updated for 2005. The book also explores often ignored topics such as buying a DTV antenna, power-line accessories, and cables. A richly detailed connections chapter tells how to hook up every component and how to solve common problems. A bilingual nation, with Guaraní spoken alongside Spanish, its folk-dance tradition is hugely popular among young people; its harp playing is legendary; and Paraguayans are proud of their different handicrafts, particularly their sewing. The country is also home to the historic Jesuit missions, or reductions (as depicted in the film The Mission).Bradt's Paraguay - the only English-language guidebook to this emerging tourism destination - covers the region with unrivalled detail and knowledge. It delves deep into a country that has so far eluded the grasp of mass tourism and where rich indigenous culture and folk traditions still hold strong.
