Throughout the years there have been several editions of Zhuang Zi's book with significant differences in certain parts of the text. Not every word in the book came from Zhuang Zi's pen. Contributions were made by his disciples and there have been many changes to the original text: errors in hand copying the text, in mistaking notations for text, and in outright forgery throughout centuries. Chen Guying's 1976 edition of the book, an eclectic study of all the editions that identifies probable forgeries, is used as the text reference in the present translation.

---

The emerging Jewish national consciousness in Europe toward the end of the 19th century claims many spiritual fathers, some of which have been seriously underestimated so far. Zionist intellectuals such as Moses Hess, Leon Pinsker and Isaac R ülf were already committed to the self-liberation of the Jewish people long before Theodor Herzl. Their experiences and observations brought them to believe that the emancipation and integration of Jews were not realistically possible in Europe. Instead, they began to think in national and territorial terms. The author explores the question as to what extent religious messianism influenced the ideas of these men and how this reflects in today's collective Israeli consciousness. In a comprehensive epilogue, Julius H. Schoeps critically correlates ideas of messianic salvation, Zionist pioneer ideals, the settler's movement before and after 1967, and the unsolved conflict between Israelis and Palestinians which has been lasting for over 100 years.

The Pursuit of the Millennium Viking Press

The end of the millennium has always held the world in fear of earthquakes, plague, and the catastrophic destruction of the world. At the dawn of the 21st millennium the world is still experiencing these anxieties, as seen by the

onslaught of fantasies of renewal, doomsday predictions, and New Age prophecies. This fascinating book explores the millenarianism that flourished in western Europe between the eleventh and sixteenth centuries. Covering the full range of revolutionary and anarchic sects and movements in medieval Europe, Cohn demonstrates how prophecies of a final struggle between the hosts of Christ and Antichrist melded with the rootless poor's desire to improve their own material conditions, resulting in a flourishing of millenarian fantasies. The only overall study of medieval millenarian movements, The Pursuit of the Millennium offers an excellent interpretation of how, again and again, in situations of anxiety and unrest, traditional beliefs come to serve as vehicles for social aspirations and animosities.
