Goodbye, Vietnam Beacon  
Press

"The adage that the poor make more resolute and compliable soldiers is verified when applied to Chicanos. As the personal accounts in Soldados: Chicanos in Vietnam attest, Chicanos were often the easiest and most malleable resource the U.S. had for achieving its quota for combat soldiers. And to those ends, they were used generously. The personal accounts of these veterans, many of whom experienced the war viscerally and whose private reasons were myriad and expressed in this book with a severe authenticity, can be of service to all. They fought for reasons that were ill-defined, often confusing, but for the most part devoid of any cogent understanding of the political and economic forces at play which took them from labor fields in Corcoran, California, to rice paddies in Indochina.

From their odyssey a great house of knowledge can be gained, a knowledge that was, unfortunately, purchased with blood"--Amazon.com.

All Quiet on the Western Front Veritas Press Inside Out and Back Again is a #1 New York Times bestseller, a Newbery Honor Book, and a winner of the National Book Award!

Inspired by the author's childhood experience as a refugee—fleeing Vietnam after the Fall of Saigon and immigrating to Alabama—this coming-of-age debut novel told in verse has been celebrated for its touching child's-eye view of family and immigration. H à has only ever known Saigon: the thrills of its markets, the joy of its traditions, and the warmth of her friends close by. But now the Vietnam War has reached her home. H à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope—toward America. This moving story of one girl's year of change, dreams, grief, and healing received four starred reviews, including one from Kirkus which proclaimed it "enlightening, poignant, and unexpectedly funny." An author's note explains how and why Thanhha Lai translated her personal experiences into H à 's story. This updated

---

digital edition also includes an interview with the author, an activity you can do with your family, tips on writing poetry, and discussion questions.

### Inside Out and Back Again Turtleback

How did the conflict between Vietnamese nationalists and French colonial rulers erupt into a major Cold War struggle between communism and Western liberalism? To understand the course of the Vietnam wars, it is essential to explore the connections between events within Vietnam and global geopolitical currents in the decade after the Second World War. In this illuminating work, leading scholars examine various dimensions of the struggle between France and Vietnamese revolutionaries that began in 1945 and reached its climax at Dien Bien Phu. Several essays break new ground in the study of the

Vietnamese revolution and the establishment of the political and military apparatus that successfully challenged both France and the United States. Other essays explore the roles of China, France, Great Britain, and the United States, all of which contributed to the transformation of the conflict from a colonial skirmish to a Cold War crisis. Taken together, the essays enable us to understand the origins of the later American war in Indochina by positioning Vietnam at the center of the grand clash between East and West and North and South in the middle years of the twentieth century.

Vietnam War: Major Figures Gr. 5-8 Scholastic Inc.

In *The Icarus Syndrome*, Peter Beinart tells a tale as old as the Greeks - a story about the seductions of success. Beinart describes

---

Washington on the eve of three wars - World War I, Vietnam and Iraq - three moments when American leaders decided they could remake the world in their image. Each time, leading intellectuals declared that history was over, and the spread of democracy was inevitable. Each time, a president held the nation in the palm of his hand. And each time, a war conceived in arrogance brought untold tragedy. In dazzling colour, Beinart portrays three extraordinary generations: the progressives who took America into World War I, led by Woodrow Wilson, the lonely preacher's son who became the closest thing to a political messiah the world had ever seen. The Camelot intellectuals who took America into Vietnam, led by Lyndon Johnson, who lay

awake night after night shaking with fear that his countrymen considered him weak. And George W. Bush and the post-cold war neoconservatives, the romantic bullies who believed they could bludgeon the Middle East and liberate it at the same time. Like Icarus, each of these generations crafted 'wings' - a theory about America's relationship to the world. They flapped carefully at first, but gradually lost their inhibitions until, giddy with success, they flew into the sun. But every era also brought new leaders and thinkers who found wisdom in pain. They reconciled American optimism - our belief that anything is possible - with the realities of a world that will never fully bend to our will. In their struggles lie the seeds of

---

American renewal today. Based on years of research, *The Icarus Syndrome* is a provocative and strikingly original account of hubris in the American century - and how we learn from the tragedies that result.

The first collection of

King ' s essential writings for high school students and young people A Time to Break Silence presents Martin Luther King, Jr.'s most important writings and speeches—carefully selected by teachers across a variety of disciplines—in an accessible and user-friendly volume. Now, for the first time, teachers and students will be able to access Dr. King's writings not only electronically but in stand-alone book form. Arranged thematically in five parts, the collection includes nineteen selections and is introduced by award-winning author Walter Dean Myers. Included are some of Dr. King ' s most well-known and frequently taught classic works, including “ Letter from Birmingham Jail ” and “ I Have a Dream, ” as well as lesser-known pieces such

---

as “ The Sword that Heals ” and “ What Is Your Life ’ s Blueprint? ” that speak to issues young people face today.

The Icarus Syndrome Pickle Partners Publishing

Failing schools have become the latest academic cottage industry, and they serve as lightning rods for the controversy that continues to surround the No Child Left Behind Act of 2001.

Surprisingly, there are only a handful of books that address the topic of turning around failing schools and even fewer that provide a meaningful discussion on how individual schools should avoid failure from the outset.

This book will help public school educators understand that turnaround efforts are based on sound leadership principles – nothing more, nothing less. It also provides school leaders with the critical skills to turn around failing schools and, more importantly, prevent their schools from failing in the first place. Individual chapters address topics such as setting

institutional priorities, establishing a positive school culture, improving communications, developing classroom leadership, putting the school on a sound financial footing, and using data to guide the school turnaround. In essence, this book serves as a practical guide for instructional and institutional leaders on how to make a “real ” difference in the success of our nation's schools.

Korean War: The Air War Gr. 5-8 Penguin

“More than any other Vietnam book in recent years, The Girl in the Picture confronts us with the ceaseless, ever-compounding casualties of modern warfare.” —The San Francisco Chronicle On June 8, 1972, nine-year-old Kim Phuc, severely burned by napalm, ran from her blazing village in South Vietnam and into the eye of history. Her photograph—one of the most unforgettable images of the twentieth century—was seen around the world and helped

---

turn public opinion against the Vietnam War. This book is the story of how that photograph came to be-and the story of what happened to that girl after the camera shutter closed. Award-winning biographer Denise Chong's portrait of Kim Phuc-who eventually defected to Canada and is now a UNESCO spokesperson-is a rare look at the Vietnam War from the Vietnamese point-of-view and one of the only books to describe everyday life in the wake of this war and to probe its lingering effects on all its participants.

The Best We Could Do McGraw Hill Professional

"When Mai's family discovers that Vietnam government soldiers will soon apprehend her father and grandmother, the family slips away in the night. They trudge through the swamps of the Mekong Delta toward the sea. The gut-wrenching trip to Hong Kong is just another step toward a new life, which the family eventually finds. Whelan's

characters are distinctive, and her story is riveting, haunting, and memorable, reflecting the human virtues of determination, hope, love, and courage in the face of the most devastating of circumstances and injustices."--Booklist.

Education Disrupted Harvard University Press

A People's History of the United States Social Studies This is the fourth volume in an operational and chronological series covering the U.S. Marine Corps' participation in the Vietnam War. This volume details the change in focus of the III Marine Amphibious Force (III MAF), which fought in South Vietnam's northernmost corps area, I Corps. This volume, like its predecessors, concentrates on the ground war in I Corps and III MAF's perspective of the Vietnam War as an entity. It also covers the Marine Corps participation in the advisory

effort, the operations of the two Special Landing Forces of the U.S. Navy's Seventh Fleet, and the services of Marines with the staff of the U.S. Military Assistance Command, Vietnam. There are additional chapters on supporting arms and logistics, and a discussion of the Marine role in Vietnam in relation to the overall American effort.
