This book explores the 'photo story' through 61 master classes by some of the world's greatest photographers, all members of the international photographic agency Magnum. A New Hasidism: Roots Phaidon Press Interviews describe ghetto life Borges On Writing U of Nebraska Press Following the Pulitzer prize-winning collection Stag's Leap, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its conclusions, and life-giving for the reader.

Borges On Writing In 1971, Jorge Luis Borges was invited to preside over a series of seminars on his writing at Columbia University. This book is a record of those seminars, which took the form of informal discussions between Borges, Norman Thomas di Giovanni--his editor and translator, Frank MacShane--then head of the writing program at Columbia, and the students. Borges's prose, poetry, and translations are handled separately and the book is divided accordingly. The prose seminar is based on a line-by-line discussion of one of Borges's most distinctive stories, "The End of the Duel." Borges explains how he wrote the story, his use of local knowledge, and his characteristic method of relating violent events in a precise and ironic way. This close analysis of his methods produces some illuminating observations on the role of the writer and the function of literature. The poetry section begins with some general remarks by Borges on the need for form and structure and moves into a revealing analysis of four of his poems. The final section, on translation, is an exciting discussion of how the art and culture of one country can be "translated" into the

language of another. This book is a tribute to the brilliant craftsmanship of one of South America's--indeed, the world's--most distinguished writers and provides valuable insight into his inspiration and his method.
