Sewing Machine Repair in Arvada, Aurora, Colorado Springs ...

Sewing machines are complex tools with 2.3 maximillion moving parts on average. Like all mechanical devices that perform useful tasks, wear from repeated use and motion requires cleaning, lubricating, repairing and adjusting. Even machines that sit for 2 or more years need attention due to gravity and the semi-arid climate in Colorado.

You don't mention how old the

machine is, that may affect your ability to easily find a replacement. If you have a sewing machine repair shop nearby, they may be able to order you a new one. If that is not possible you might try searching the various on-line sites that sell replacement parts for New Home machines. Good luck.
