Desperate to leave a private tragedy behind, Maya abandons herself to the rhythms of the little village, where people coexist peacefully with nature. But all is not as it seems, and she soon learns that no refuge is remote enough to keep out the modern world. When power-hungry politicians threaten her beloved mountain community, Maya finds herself caught between the life she left behind and the new home she is determined to protect. Secrets from the Vinyl Cafe Viking Adult

Hapless Dave is at it again, promising his beloved wife Morley that he will take care of the Christmas turkey while she takes the kids to work at the food bank. Dave fails to realize quite what's involved, and the result is a Homeresque struggle to beat all the odds and somehow get an unappetizing, frozen, and slightly scarred bird home and roasted in time for Christmas dinner--before Morley cooks Dave's goose.

The working paper is divided into two main parts. The first part is a descriptive analysis of the illicit use of biological agents by criminals and terrorists. It draws on a series of case studies documented in the second part. The case studies describe every instance identifiable in open source materials in which a perpetrator used, acquired, or threatened to use a biological agent. While the inventory of cases is clearly incomplete, it provides an empirical basis for addressing a number of important questions relating to both biocrimes and bioterrorism. This material should enable policymakers concerned with bioterrorism to make more informed decisions. In the course of this project, the author has researched over 270 alleged cases involving biological agents. This includes all incidents found in open sources that allegedly occurred during the 20th Century. While the list is certainly not complete, it provides the most comprehensive existing unclassified coverage of instances of illicit use of biological agents.

In John Burningham's enchanting and truthful compendium of childhood the well known and the unknown contribute funny, moving, magical and occasionally dark childhood memories. From Michael Palin's memory of seaside holidays with his dad and Seamus Heaney's evocation of a crashed Cadbury's chocolate van ('a trail of silver papers up the road') to the institutional upbringing of the mixed-race child of a black GI in the 1950s and a typical rural childhood in the

Scottish highlands, it is full of evocative memories. And woven into the mix is a rich selection of quotations and fifty more of John Burningham's witty and poignant drawings.

A musical quilt, this unique guitar becomes a passionate metaphor for Canada. The Six String Nation guitar, *Voyageur*, is made from sixty-seven pieces of Canadian history: Pierre Trudeau's canoe paddle is a tone bar, the Grey Nuns convent in Winnipeg—once a classroom to Louis Riel—makes up the back and sides, Paul Henderson's hockey stick from the 1972 Canada/Russia Summit Series is a detail on the pickguard, the sacred Golden Spruce of Haida Gwaii forms the top face and gold from Maurice Richard's 1955-56 Stanley Cup ring adorns the ninth fret. Thanks to a crazed determination to share this guitar and his impassioned vision of Canada with as many Canadians as possible, Taylor has taken the guitar to festivals, conferences, schools and community events, from sea to sea to sea. Along the way, countless citizens have added their own definitions of what it means to be Canadian, either through music or the very act of engaging with this object that is at once artifact and living instrument. *Six String Nation* allows them to, literally, hold history in their hands—and add a little harmony of their own. Illustrated with documentary photos and gorgeous portraits of the people that *Voyageur* has encountered, *Six String Nation* chronicles the journey of one special guitar, from conception through construction to the road it still travels across our land.

Bestselling author and radio storytelling sensation Stuart McLean revisits the heartwarming and hilarious friends from his iconic Vinyl Cafe. Dave and his wife Morley would no doubt tell you that life is what you make it. Unfortunately for them, that means a compilation tape of mistakes, miscues, misunderstandings, and muddle. That's not to say that there is anything particularly unusual about the family and friends at the Vinyl Cafe. After all, who wouldn't try to toilet-train a cat? Who hasn't started a small home fix-it job only to set fire to the walls? Created mass hysteria at a school concert? Lost an aging relative while visiting our nation's capital? *Vinyl Cafe Unplugged* is a warm and delightful collection of stories following the common foibles and everyday absurdities of family life.

Das Wohltemperierte Klavier II Bloomsbury Paperbacks

Decline can be avoided. Decline can be detected. Decline can be reversed. Amidst the desolate landscape of fallen great companies, Jim Collins began to wonder: How do the mighty fall? Can decline be detected early and avoided? How far can a company fall before the path toward doom becomes inevitable and unshakable? How can companies reverse course? In *How the Mighty Fall*, Collins confronts these questions, offering leaders the well-founded hope that they can learn how to stave off decline and, if they find themselves falling, reverse their course. Collins' research project—more than four years in duration—uncovered five step-wise stages of decline: Stage 1: Hubris Born of Success Stage 2: Undisciplined Pursuit of More Stage 3: Denial of Risk and Peril Stage 4: Grasping for Salvation Stage 5:

Capitulation to Irrelevance or Death By understanding these stages of decline, leaders can substantially reduce their chances of falling all the way to the bottom. Great companies can stumble, badly, and recover. Every institution, no matter how great, is vulnerable to decline. There is no law of nature that the most powerful will inevitably remain at the top. Anyone can fall and most eventually do. But, as Collins' research emphasizes, some companies do indeed recover—in some cases, coming back even stronger—even after having crashed into the depths of Stage 4. Decline, it turns out, is largely self-inflicted, and the path to recovery lies largely within our own hands. We are not imprisoned by our circumstances, our history, or even our staggering defeats along the way. As long as we never get entirely knocked out of the game, hope always remains. The mighty can fall, but they can often rise again.

"Absorbing, compelling, and beautifully written. Its ending brought me close to tears." —Beth O'Leary, bestselling author of *The Flatshare* For fans of *The Big Sick* and *Nick Hornby*—a magnetic debut novel about a young man who has hidden a romance from his parents, unable to choose between familial obligation and the future he truly wants. If love really is a choice, how do you decide where your loyalties lie? It's the countdown to the New Year, and Nur is steeling himself to tell his parents that he's seeing someone. A young British Pakistani man, Nur has spent years omitting details about his personal life to maintain his image as the golden child. And it's come at a cost. Once, Nur was a restless college student, struggling to fit in. At a party, he meets Yasmina, a beautiful and self-possessed aspiring journalist. They start a conversation—first awkward, then absorbing. And as their relationship develops, so too does Nur's self-destruction. He falls deeper into traps of his own making, attempting to please both Yasmina and his family until he must finally reveal the truth: Yasmina is Black, and he loves her. Deftly transporting readers between that first night and the years beyond, *Kasim Ali's Good Intentions* exposes with unblinking authenticity the complexities of immigrant families and racial prejudice. It is a crackling, wryly clever depiction of standing on the precipice of adulthood, piecing together who it is you're meant to be.

Every family has its secrets. Morley, for example, is reluctant to talk about her beauty parlour betrayal and that other man in her life: Mathieu. Stephanie hasn't been entirely open about what she was doing in the woods last summer. Sam is keeping mum about his dark powers of prophecy and why he is going by the alias "Samantha." And Dave tries to avoid mentioning his attempted break-and-enter at the Turlingtons'. Who can blame them? When you commit acts of arson during Christmas dinner, attempt to start a life of crime by shoplifting a lipstick or sink your false teeth into the forbidden pleasure of corn on the cob, it's hard to come clean. These are the stories that no one knows, the stories Dave and Morley wouldn't tell you themselves: lies, white and otherwise, aliases, double lives and all manner of petty crimes and everyday transgressions. These are the secrets from the Vinyl Cafe.
