This is the third publication by Eileen McCourt, and a natural progression from her two previous books, 'Living the Magic' and 'This Great Awakening', in that it challenges long-held beliefs about the nature of God; the nature of life and why we are here, and about the nature of prayer. This book is about the truth. Each of us is led to the truth for which we are ready at any particular time. When we accept the truth, we raise our own Spiritual awareness, our own Spiritual consciousness. Each and every time someone becomes more Spiritually aware, the entire collective Spiritual consciousness of all humanity is also raised. We are all energy, vibrating at different levels and frequencies, all united in the One vast God Energy. At this present time, great shifts of energy are occurring throughout the entire cosmos, including here on planet earth. And we need to change our way of living in order to adapt to these changes. The time is now! The time to change from living 'in-Ego', which means 'Editing God Out', to living 'in-Spirit', which means living an 'in-Spired' life, in harmony with the great universal energy, with 'All That Is'. Spirit is calling each and every one of us! But the question is, are we listening? Mother Nature whispers to us, speaks to us, calls out to us in each and every moment. There are messages carried to us on the winds; images in the clouds; wisdom in the mountains, trees, forests and rocks; music in the gushing of the streams and rivers, in the booming of the thunder, in the tweeting and twittering of the bird song; melody and harmony in the murmur and swish of the ebb and flow of the tides. Spirit speaks to us, Spirit guides us in so many ways! But, are we listening? Spirit has guided you to this book! There are messages for you within these pages, messages from Spirit. Spirit is guiding you back to your true nature, your Divine Essence, guiding you back from your exile in the barren land of Ego to a life of peace, joy, harmony and abundance living in-Spirit, back home to your own true self! Welcome home! SPIRIT CALLING!

A perfectly functioning body, tranquil mind, and vibrant spirit working together harmoniously create the joy and happiness that put the good in good health and the worth into a life worth living. Our Inner Ocean describes ancient and new holistic modalities of practitioner-applied bodywork and revitalizing self-care practices. These illuminate our human potential and awaken our ability to attain and maintain perfect health and well-being. These modalities act as a springboard from which to dive into our inner ocean—the realm of wisdom within that is entered by making the body, breath, and energy our allies. This mystical space of awareness, intuition, peace, and love can become the resting place of the spirit, subtly working its magic on ourselves and others. Bodywork has long

been recognized as a way to help people feel better physically, but the magic of touch can also help us tap in to the wisdom of the body, discover the power of the energy that permeates it, and evoke its innate healing ability. Self-care practices such as yoga, qi gong, breathwork, and meditation help us become our own healers. When we pass through these portals into the inner ocean, we can reduce stress and pain, release blockages, prevent and resolve dysfunctions, and ignite our spiritual nature. And in doing so, we make the world a better place.

This, the fourth book by Eileen McCourt, is not for those just beginning their Spiritual journey. 'Working with Spirit: A World of Healing' is a natural progression from her previous three publications, 'Living the Magic', 'This Great Awakening' and 'Spirit Calling' in that it takes the reader yet further beyond the world of the five physical senses, into the world of healing energies; a world where we here on planet earth are only one of a multitudinous number of vibrational energies existing throughout the entire cosmos. In this unified vibrational energy system, earth vibrates on the most dense form of energy, and as such, is the planet most in need of help at this point in time. Help is now being offered to us from a plethora of higher dimensions in order to raise the Spiritual awareness, the Spiritual consciousness of humanity and hence the collective Spiritual consciousness of the entire cosmos, as we can only evolve collectively, and not individually. This book is meant as a guide to the various Celestial healing modalities now becoming more easily available to us here on the earth plane; a hand-book for those already channelling Celestial healing energies, or those who are now advanced on their Spiritual journey and who are interested in becoming a channeller of Divine healing energy. It is not a comprehensive list; just the modalities and the energies with which the author herself works and with which she herself is familiar. Go with your intuition when trying to decide which healing modality is for you. You cannot go wrong, simply because the energy chooses you; it is not you who chooses the particular energy with which to work. The fact that you have been drawn to this book is a clear indication that now is the time for you to accept the call; feel privileged that you have indeed been chosen! Open your mind to the realisation and acceptance of the realities of the two-way 'Vibrational Corridor'; the one-way 'Cosmic Elevator'; the 'Vibrational Highway'; and enjoy this new, wonderful phase of your life working with Spirit in a world of healing.

Life's But a Game! Go With the Flow! Who am I? Where am I from? Why am I here? Who is God? Does God exist? Where do I find God? What happens when I die? These are the questions being asked by today's teenagers and young adults. And more so now than ever before! We are living in troubled times, troubles not of our teenagers' making. We need to empower our young people with the truth about life, about God and about how this world of ours can be fixed, how the damage already done can be undone. As long-held institutions and beliefs tumble down around us, we need to explain to our young people that life is a game; a game of fun and not to be taken too seriously. We need to explain the rules of the game to our young people, the Spiritual Laws of the Universe, adherence to which promises a life of peace, fulfilment and abundance. Young people are our future, the future rulers of our Planet Earth. It is non-negotiable that they be given the truth! Truth is power! Knowledge is power! This book provides the answers to the questions our young people are constantly asking. This book explains how life is meant to be enjoyed, not lived in a constant pursuit of getting, getting, getting; going, going, going; doing, doing, doing. We are all meant to just be. Armed with the truth and with Spiritual knowledge, our young people can go forth to fulfil their destiny; to return our world to being a world of love, sharing, peace and Oneness with All That Is.
