Luv Ya Bunches (A Flower Power Book #1) Inlustris Publishing
The Flower Power books follow the funny fifth-grade adventures of four girls with little in common but their flower names who, nevertheless, blossom into the greatest of friends. Life for the Flower Power girls is never boring. With Milla still madly in crush with sweet Max, Katie-Rose is left wondering why everyone doesn't find fifth-grade boys as disgusting as she does. Especially pesky, annoying Preston, whose new favorite pastime is throwing erasers at Katie-Rose's head and who always seems to be around at Katie-Rose's most embarrassing moments.

Yasaman isn't quite ready for a boyfriend either, but she does have a brilliant matchmaking plan for two of her favorite people, and she recruits the other girls to join. The targets: beloved teachers Mr. Emerson and Ms. Perez, who are meant for each other, even if they don't know it. The goal: to bring those lovebirds together at their school's "Lock-In," a teacher-chaperoned evening of fun, fabulosity, and possibly even romance. The trouble? Ms. Perez isn't planning on coming. And when the fourth flower friend, Violet, mysteriously pulls out, too, it seems as if the Lock-In will be no fun at all. But these flowers don't wilt so easily . . . Praise for *Oopsy Daisy: A Flower Power Book* "Myracle proves, once again, that she has her finger firmly on the pulse of tween girlhood." – Booklist "Myracle perfectly captures the nuances of fifth-grade life. Readers will certainly relate to the girls' struggles to grow up but not leave childhood behind just yet. Milla, Violet, Yaz and Katie-Rose continue to charm; here's hoping they have more hijinks in store." – Kirkus Reviews

In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees,

and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. The Humane Gardener fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.

What do Katie-Rose, Yasaman, Milla, and Violet have in common? Other than being named after flowers, practically nothing. Katie-Rose is a film director in training. Yasaman is a computer whiz. Milla is third in command of the A list. And Violet is the new girl in school. They're fab girls, all of them, but they sure aren't friends. And if evil queen bee Medusa—'scuse me, Modessa—has her way, they never will be. But this is the beginning of a new school year, when anything can happen and social worlds can collide . . . Told in Lauren Myracle's inventive narrative style—here a fresh mix of instant messages, blog posts, screenplay, and straight narrative—Luv Ya Bunches has been called "enticing" by Publishers Weekly and received a starred review from Booklist, which called it "a fun, challenging, and gently edifying story."

From the author of the break-out hit *ttyl*, a dark and utterly readable take on the hierarchy of high school girls. There are *Gossip Girls* and *Mean Girls* but no one has come as close to the dark heart of high-school girl politics as Lauren Myracle does in this shivery smart, wonderfully strange story of a high school where popularity can be stolen. No one notices Jane—not the jocks, the stoners, the debaters, the drama geeks, the cheerleaders, and especially not the Bitches, the school royalty made up of one girl from each class who's so transcendently beautiful and fascinating that no one can help but worship her. Imagine Jane's surprise when the Bitches approach her to be their freshman member. She wants this kind of popularity more than anything, but when she discovers the sinister secret of the

Bitches' power, she's forced to make the toughest choice of her life. This savagely funny book will be the talk of the season. F&P level: Z+

Visit us online at www.1stWorldLibrary.ORG - THE summer moon shone brightly down upon the sleeping earth, while far away from mortal eyes danced the Fairy folk. Fire-flies hung in bright clusters on the dewy leaves, that waved in the cool night-wind; and the flowers stood gazing, in very wonder, at the little Elves, who lay among the fern-leaves, swung in the vine-boughs, sailed on the lake in lily cups, or danced on the mossy ground, to the music of the hare-bells, who rung out their merriest peal in honor of the night. Under the shade of a wild rose sat the Queen and her little Maids of Honor, beside the silvery mushroom where the feast was spread. "Now, my friends," said she, "to while away the time till the bright moon

goes down, let us each tell a tale, or relate what we have done or learned this day. I will begin with you, Sunny Lock," added she, turning to a lovely little Elf, who lay among the fragrant leaves of a primrose.

For here we can receive undeniable strength and unshakable confidence to pursue our dreams. But even though we hold our self-love close, there are moments of weaknesses, there are circumstances that break us down. We need to remember that this is all part of the process, our life is forever an inner journey of evolution. We are always being given an invitation to lean into the madness and grow our inner strength. We are like the lotus flower, and the hardships in our life reflect the mud amidst the water. [A Time for Flowers](#) Applewood Books

A “poignant, painful, and gorgeous” memoir that explores siblinghood, adolescence, and grief for a family shattered by loss (Alicia Garza, cocreator, Black Lives Matter). Melissa and her older brother Junior grow up running around the disparate neighborhoods of 1990s Oakland, two of six children to a white Quaker father and a black Southern mother. But as Junior approaches adolescence, a bullying incident and later a violent attack in school leave him searching for power and a sense of self in all the wrong places; he develops a hard front and falls into drug dealing. Right before Junior’s twentieth birthday, the family is torn apart when he is murdered as a result of gun violence. *The Names of All the Flowers* connects one tragic death to a collective grief for all black people who die too young. A lyrical recounting of a life lost, Melissa Valentine’s debut memoir is an intimate portrait of a family fractured by the school-to-prison pipeline and an enduring love letter to an adored older brother. It is a call for justice amid endless cycles of violence, grief, and trauma, declaring: “We are all witness and therefore no one is spared from this loss.” “A portrait of a place, a person who died too young, the systems that led to that death, and the keen insights of the author herself. Lyrical and smart, with appropriate undercurrents of rage.” —Emily Raboteau, author of *Searching for Zion* “Eloquently

poignant.” —Kirkus Reviews
