The Complete Idiot's Guide to Playing the Fiddle

Alfred Music

GOOD MORNING AMERICA BOOK CLUB PICK! A riveting page-turner about a Black classical musician's desperate quest to recover his lost family heirloom violin on the eve of the most prestigious musical competition in the world. "This novel, which

will keep readers on the edge of their seats until the very last page, is sure to be a favorite in 2022." —The Washington Post Growing up Black in rural North Carolina, Ray McMillian's life is already mapped out. If he's lucky, he'll get a job at the hospital cafeteria. If he's extra lucky, he'll earn more than minimum wage. But Ray has a gift and a dream—he's determined to become a world-class professional violinist, and nothing will stand in his way. Not his mother, who wants him to stop making such a racket; not the fact that he can't afford a violin suitable to his talents; not even the racism inherent in the world of classical music. When he discovers that his great-great-grandfather's beat-up old fiddle is actually a priceless Stradivarius, all his dreams suddenly seem within reach. Together, Ray and his violin take the world by storm. But on the eve of the renowned and cutthroat Tchaikovsky Competition—the Olympics of classical music—the violin is stolen, a ransom note for five million dollars left in its place. Ray will have to piece together the clues to recover his treasured Strad ... before it's too late. With the descendants of the man who once enslaved Ray's great-great-grandfather asserting that the instrument is rightfully theirs, and with his family staking their own claim, Ray doesn't know who he can trust—or whether he will ever see his beloved violin again.

Art Collecting: A Beginners Guide Art collection is a very stimulating and inspiring hobby for all. It isn't just for the rich and famous, but even regular everyday people too. There are various forms of art that you can choose from, especially since art's definition can greatly vary from one person to another. However, it doesn't really matter whatever its form is, you ' re the one to make the call on which is attractive and how much are you willing to spend for such piece. Buying and collecting art intelligently can be done by anyone. That's right, anyone. You do not need to have experience in collecting art, previous knowledge about the art business, or even a degree in art history. The truth is, all you ' ll need is love for and appreciation of fine art; plus a yearning to collect; lastly, willingness to learn a some simple techniques that would help you evaluate any kind of art work coming from any period of history, whomever the artist is and whatever his or her nationality is.

Suzuki Violin School John Wiley & Sons

This classic guide offers an accessible initiation into the mysteries of violin-making. Charming in its style and cultivated in its research, it covers every detail of the process, from wood selection to varnish. A fascinating history of the instrument precedes

discussions of materials and construction techniques. More than 200 diagrams, engravings, and photographs complement the text. Author Edward Heron-Allen served an apprenticeship with Georges Chanot, a preeminent nineteenth-century violin maker. The knowledge, skill, and experience Heron-Allen acquired in the master's shop are reflected in this book, which was the first to combine the history, theory, and practice of violin-making. Originally published in 1884 as *Violin-Making, As It Was and Is: Being a Historical, Theoretical and Practical Treatise on the Science and Art of Violin-Making for the Use of Violin Makers and Players, Amateur and Professional*, this volume has enlightened and informed generations of performers and players alike.

Random House Digital, Inc.

Throughout its history the violin has had a mystique with many curious beliefs. This book, now available in paperback, offers an explanation, without assuming any scientific background, of how a violin produces sound, and of how that sound causes what we hear. This explodes many of the long-standing myths. It also shows there is no place for modern technology in making or playing. Practical advice for players and parents is included.

Violin Mel Bay Publications

A MASTERFUL BOOK ABOUT BREATHING LIFE INTO ART AND ART INTO LIFE "Stephen Nachmanovitch's

The Art of Is is a philosophical meditation on living, living

fully, living in the present. To the author, an improvisation is a co-creation that arises out of listening and mutual attentiveness, out of a universal bond of sharing that connects all humanity. It is a product of the nervous system, bigger than the brain and bigger than the body; it is a once-in-a-lifetime encounter, unprecedented and unrepeatable. Drawing from the wisdom of the ages, *The Art of Is* not only gives the reader an inside view of the states of mind that give rise to improvisation, it is also a celebration of the power of the human spirit, which — when exercised with love, immense patience, and discipline — is an antidote to hate." — Yo-Yo Ma, cellist
