Vision document for a requirements project - Jazz.net

The Vision and Scope document is

the project manager's tool for

doing that. The vision and scope

document is one of the most

important tools that a project

manager has; it is also one of the

easiest to implement. A good

vision and scope document will

help a project avoid some of the

costliest problems that a project

can face.

Scope Statement Template

<Record any assumptions that were made when conceiving the project and writing this vision and scope document. Note any major dependencies the project must rely upon for success, such as specific technologies, third-party vendors, development partners, or other business relationships.> Scope and Limitations

Vision and Scope Template - RIT

Whereas the Vision represents the "idea", the Business Case is the "rationalization" as to why the Vision is a good idea and how the Vision will be implemented. The Business Case begins the discussion, at the high level, on how the project might be implemented: cost, resources, timelines, etc. The Vision Document Template

Vision and Scope Template - The Process Group

Statement Examples in Word; A scope statement sometimes differs depending on the project. Commonly, scope statement has two terms - the project scope statement and the product scope statement. These two are different from each other but they only shared the same goal for the project and that is, to become a success.

Vision And Scope Document Sample
What is a Vision Document? > Business Analyst Community ...
A Vision Document is a document that describes a compelling idea, project or other future state for a particular organization, product or service. The Vision defines the product/service to be developed specified in terms of the stakeholder's key needs and desired features.

Vision document - Wikipedia

A vision document defines the high-level scope and purpose of a program, product, or project. A clear statement of the problem, proposed solution, and the high-level features of a product helps establish expectations and reduce risks. This topic provides an outline of potential content for a vision document.
