VISTA-20SE - The Alarm Store

The VISTA-20P system can control two independent areas of protection (known as partitions) for use by independent users, if desired, by simply assigning zones to one or the other partition during zone programming. Page 22: Keypads † These fields must be enabled for Residential Fire and UL Residential Burglar Alarm installations.

Honeywell Vista 15P, 15PSIA, 20P and 20PSIA Installation ...

Security Codes At the time of installation, you were assigned a personal

four-digit security code, known only to you. You must enter the security code when arming and disarming the system, and when performing other system functions. As an additional safety feature, other users who do not have a need to know your code can be assigned different
