have it installed. We cover maintenance instructions as well as healthy upkeep of your system and we will show you some tricks to get the most out of this very popular system and we'll even teach you how to get to know the virtual assistant Cortana better, as well as the best ways to have fun with Windows 10! If you aren't sure yet, about whether to get Windows 10 or not, let us try to convince you. Windows 10 is an unmitigated improvement over previous versions. The last Windows

version that was this popular and well-liked, was Windows XP. And while that can still be used, with the fact that it is no longer supported or being updated, it has become very unsafe. Windows Vista lacked in usability and user-friendliness, Windows 7 was alright but never a user-favourite. Windows 8 and 8.1. had many more flaws, primarily the lack of start menu. Windows 10 tries to address all of these issues, and it does so pretty successfully. In our book, we will show you just

what makes Windows 10 great for you. Here is a preview of what you'll learn: The return of the start menu The easy installation The great customisation features Multiple virtual desktops Ways to have fun with Windows 10! At the end of this book we guarantee you'll be well-versed in the basics of Windows greatest OS yet. You'll be able to install the system, set it up, and maintain it.
