Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people

hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, *Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash*. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash. *Vistas in Sicily* Routledge This answer key accompanies the sold-separately *Wordly Wise 3000, Book 10, 3rd Edition*. Answers for each lesson are included; passages are given full-sentence answers and puzzle/hidden message exercises are reproduced with the correct answers filled in. Paperback.
