Nuevas Vistas Springer Science & Business Media

**\*\*A New York Times Bestseller!\*\*** Based on the wildly popular Instagram account, Subpar Parks features both the greatest hits and brand-new content, all celebrating the incredible beauty and variety of America's national parks juxtaposed with the clueless and hilarious one-star reviews posted by visitors. Subpar Parks, both on the popular Instagram page and in this humorous, informative, and collectible book, combines two things that seem like they might not work together yet somehow harmonize perfectly: beautiful illustrations and informative, amusing text celebrating each national park paired with the one-star reviews disappointed tourists have left online. Millions of visitors each year enjoy Glacier National Park, but for one visitor, it was simply "Too cold for me!" Another saw the mind-boggling vistas of Bryce Canyon

as "Too spiky!" Never mind the person who visited the thermal pools at Yellowstone National Park and left thinking, "Save yourself some money, boil some water at home." Featuring more than 50 percent new material, the book will include more depth and insight into the most popular parks, such as Yosemite, Yellowstone, the Grand Canyon, and Acadia National Parks; anecdotes and tips from rangers; and much more about author Amber Share's personal love and connection to the outdoors. Equal parts humor and love for the national parks and the great outdoors, it's the perfect gift for anyone who loves to spend time outside as well as have a good read (and laugh) once they come indoors.

Voces y vistas University of Ottawa Press  
"A battle manual for every Christian."  
—Sinclair B. Ferguson The Christian life is a battle. We are in a daily struggle against the world, sin, and Satan. But God didn't leave us to fend for ourselves. He gave us his own armor—armor that Jesus has already worn on our behalf all the way to the cross. The same power that raised Christ from the dead is now at work inside of us. This book unpacks each of the pieces of spiritual armor Paul describes in Ephesians 6, inviting us to take up the armor each day, all while resting in the finished victory of Christ and the assurance that our strength for

A 75th anniversary e-book version of the most important and practical self-help book ever written, Alcoholics Anonymous. Here is a special deluxe edition of a book that has changed millions of lives and launched the modern recovery movement: Alcoholics Anonymous. This edition not only reproduces the original 1939 text of Alcoholics Anonymous, but as a special bonus features the complete 1941 Saturday Evening Post article "Alcoholics Anonymous" by journalist Jack Alexander, which, at the time, did as much as the book itself to introduce millions of seekers to AA's program. Alcoholics Anonymous has touched and transformed myriad lives, and finally appears in a volume that honors its posterity and impact.

Books on intercultural communication are rarely written with an intercultural

---

readership in mind. In contrast, this multinational team of authors has put together an introduction to communicating across cultures that uses examples and case studies from around the world. The book further covers essential new topics, including international conflict, social networking, migration, and the effects technology and mass media play in the globalization of communication. Written to be accessible for international students too, this text situates communication theory in a truly global perspective. Each chapter brings to life the links between theory and practice and between the global and the local, introducing key theories and their practical applications. Along the way, you will be supported with first-rate learning resources, including:

- theory corners with concise, boxed-out digests of key theoretical concepts
- case illustrations putting the main points of each chapter into context
- learning objectives, discussion questions, key terms and further reading framing each chapter and stimulating further discussion
- a companion website containing resources for instructors, including multiple choice questions, presentation slides, exercises and activities, and teaching notes.

This book will not merely guide you to success in your studies, but will teach you to become a more critical consumer of information and understand the influence of your own culture on how you view yourself and others.

**Viva!** McGraw Hill Professional

The majority of professors have never had a formal course in education, and the most common method for learning how to teach is on-the-job training. This represents a challenge for disciplines with ever more complex subject matter, and a lost opportunity when new active learning approaches to education are yielding dramatic improvements in student learning and retention. This book

aims to cover all aspects of teaching engineering and other technical subjects. It presents both practical matters and educational theories in a format useful for both new and experienced teachers. It is organized to start with specific, practical teaching applications and then leads to psychological and educational theories. The "practical orientation" section explains how to develop objectives and then use them to enhance student learning, and the "theoretical orientation" section discusses the theoretical basis for learning/teaching and its impact on students. Written mainly for PhD students and professors in all areas of engineering, the book may be used as a text for graduate-level classes and professional workshops or by professionals who wish to read it on their own. Although the focus is engineering education, most of this book will be useful to teachers in other disciplines. Teaching is a complex human activity, so it is impossible to develop a formula that guarantees it will be excellent. However, the methods in this book will help all professors become good teachers while spending less time preparing for the classroom. This is a new edition of the well-received volume published by McGraw-Hill in 1993. It includes an entirely revised section on the Accreditation Board for Engineering and Technology (ABET) and new sections on the characteristics of great teachers, different active learning methods, the application of technology in the classroom (from clickers to intelligent tutorial systems), and how people learn.

A New Reference Grammar of Modern Spanish Ingram

In the late '60s, underground comix changed the way comics readers saw the medium ? but there was an important pronoun missing from the revolution. In 1972, ten women cartoonists got together in San Francisco to rectify the situation and produce the first and longest-lasting all-

---

woman comics anthology, *Wimmen's Comix*. Within two years the *Wimmen's Comix* Collective had introduced cartoonists like Roberta Gregory and Melinda Gebbie to the comics-reading public, and would go on to publish some of the most talented women cartoonists in America? Carol Tyler, Mary Fleener, Dori Seda, Phoebe Gloeckner, and many others. In its twenty year run, the women of *Wimmen's* tackled subjects the guys wouldn't touch with a ten-foot pole: abortion, menstruation, masturbation, castration, lesbians, witches, murderesses, and feminists. Most issues of *Wimmen's Comix* have been long out of print, so it's about time these pioneering cartoonists' work received their due.

*Mirrors of Time* Hay House, Inc

This book develops the communication and literacy skills of heritage Spanish speakers with exercises that are designed to improve oral and written proficiency in the language. *Nuevos mundos* uses the cultures and voices of the major Hispanic groups in the United States, as well as those of Latin America and Spain, to familiarize students with a variety of issues and topics, which are sometimes controversial and always thought-provoking.

*Learn German the Fast and Fun Way*  
Crossway

Traveling to Colombia to live there or study Spanish? Or maybe you are a native Colombian wanting to better connect with your roots, heritage and culture? This book is for you. This dictionary-style book of words and phrases helps you better understand Colombian Spanish and slang. The collection of more than 450 terms and sayings will help you become familiar with the richness of the

country's Spanish. It includes slang and vulgar words that you will likely run across in everyday conversations. Each term has been defined in English and synonyms are included when available. There are also more than 450 example sentences demonstrating how to use the words. It includes 36 black and white illustrations. Words like *parce*, *verraco*, *pelao* and *chino* will no longer be a mystery. You will be on your way to Colombian Spanish fluency with this phrasebook of Spanish vocabulary words from Colombia. **IS THIS BOOK FOR ME?** This book contains words that are not appropriate for kids. If you are just starting to learn Spanish, this book is best used as a complementary reference source to any program or class designed to teach you Spanish. This book and the other books of the *Speaking Latino* series are not designed as stand-alone learning aids, to teach you Spanish. Instead, they expand your country-specific Spanish vocabulary. If you already speak Spanish, this book help you understand local Spanish from Colombia. Be sure to use the Amazon Look Inside function to see what this book will and will not teach.

**Panorama** Fantagraphics Books

Quick reference guide to major topics taught in Spanish courses.

*Alcoholics Anonymous* John Wiley & Sons (abridged and revised) This reference grammar offers intermediate and advanced students a reasonably comprehensive guide to the morphology and syntax of educated speech and plain prose in Spain and Latin America at the end of the twentieth century. Spanish is the main, usually the sole official language of twenty-one countries, and it is set fair to overtake English by the year 2000 in numbers of native speakers. This vast geographical and political diversity ensures that Spanish is a good deal less unified than French, German or even English, the latter more or less internationally standardized according

to either American or British norms. Until the 1960s, the criteria of internationally correct Spanish were dictated by the Real Academia Espanola, but the prestige of this institution has now sunk so low that its most solemn decrees are hardly taken seriously - witness the fate of the spelling reforms listed in the *Nuevas normas de prosodia y ortografía*, which were supposed to come into force in all Spanish-speaking countries in 1959 and, nearly forty years later, are still selectively ignored by publishers and literate persons everywhere. The fact is that in Spanish 'correctness' is nowadays decided, as it is in all living languages, by the consensus of native speakers; but consensus about linguistic usage is obviously difficult to achieve between more than twenty independent, widely scattered and sometimes mutually hostile countries. Peninsular Spanish is itself in flux.

**Vistas 3/E Instructors Annotated Edition**

Barron's Educational Series
