#1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • “An

instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, *The New York Times* The Pulitzer Prize-winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions.

NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • *The Washington Post* • *Publishers Weekly* AND ONE OF THE BEST BOOKS OF THE YEAR BY *The New York Times Book Review* • *O: The Oprah Magazine* • NPR •

Bloomberg • *Christian Science Monitor* • *New York Post* • *The New York Public Library* • *Fortune* • *Smithsonian Magazine* • *Marie Claire* • *Town & Country* • *Slate* • *Library Journal* •

Kirkus Reviews • *LibraryReads* • *PopMatters* Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste

is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people's lives and behavior and the nation's fate.

Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more.

Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the

surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics.

Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

How to Be an Adult Pearson Education

A “beautiful and astonishing” (Walter Isaacson, #1 New York Times bestselling author of *The Code Breaker*) narrative that examines the many ways to be fully human, told by the first young adult with autism to attend Oxford University as a Rhodes Scholar. As a child, Jory Fleming was wracked by uncontrollable tantrums, had no tolerance for people, and couldn't manage the outside world. Slightly more than a decade later, he was bound for England, selected to attend one of the world's premier universities.

How to Be Human is a “profound, thought-provoking” (Barry M. Pizant, PhD, author of *Uniquely Human*) exploration of life amid a world constructed for neurotypical brains when yours is not. But the miracle of this book is that instead of dwelling on Jory's limitations, those who inhabit the neurotypical world will begin to better understand their own: they will contemplate what language cannot say, how linear thinking leads to dead ends, and how nefarious emotions can be, particularly when, in Jory's words, they are “weaponized.” Through a series of deep, personal conversations with writer Lyric Winik, Jory makes a compelling case for logical empathy based on rational thought, asks why we tolerate friends who see us as a means to an end, and explains why he believes personality is a choice. Most movingly, he discusses how, after many hardships, he maintains a deep, abiding faith: “With people, I don't understand what goes in and what comes out, and how to relate,” he says. “But I can always reconnect with my relationship with my Creator.” Join Jory and Lyric as they examine what it means to be human and ultimately how each of us might become a better one. Jory asks us to consider: Who has value? What is a disability? And how do we correct the imbalances we see in the world? *How to Be Human* shows us the ways a beautifully different mind can express the very best of our shared humanity.

From one of the most provocative entrepreneurs of our time, Marc Ecko reveals his formula for building an authentic brand or business in a compelling how-to guide that's perfect to “educate the next generation

of dreamers ” (Kirkus Reviews). As instructive as it is innovative, Unlabel empowers you to channel your creativity, find the courage to defy convention, and summon the confidence to act and compete in any environment. This visual blueprint teaches you how to grow both creatively and commercially by testing your personal brand against the principles of the Authenticity Formula. Marc Ecko shares the bruising mistakes and remarkable triumphs that reveal the truth behind his success, growing from a misfit kid airbrushing T-shirts in his parents ’ garage to the bold creator of two hugely successful branded platforms—Ecko Unltd. and Complex Media. As Ecko explains, it ’ s not enough to simply merge your inner artist with business savvy, you must understand the anatomy of a brand, starting with its authentic spine. With Unlabel, you will discover your own voice by overcoming fear, take action and deliver on your promises, understand why failure is essential, learn how your product or service makes people feel, and recognize if your nostalgia for the past is hampering your ability to envision your future. Unlabel provides a bold and honest approach to building an authentic personal brand, and a roadmap for growing a bootstrap start-up into a sustainable business.

New York Times bestselling author Julie Lythcott-Haims is back with a groundbreakingly frank guide to being a grown-up What does it mean to be an adult? In the twentieth century, psychologists came up with five markers of adulthood: finish your education, get a job, leave home, marry, and have children. Since then, every generation has been held to those same markers. Yet so much has changed about the world and living in it since that sequence was formulated. All of those markers are choices, and they ’ re all valid, but any one person ’ s choices along those lines do not make them more or less an adult. A former Stanford dean of freshmen and undergraduate advising and author of the perennial bestseller *How to Raise an Adult* and of the lauded memoir *Real American*, Julie Lythcott-Haims has encountered hundreds of twentysomethings (and thirtysomethings, too), who, faced with those markers, feel they ’ re just playing the part of “ adult, ” while struggling with anxiety, stress, and general unease. In *Your Turn*, Julie offers compassion, personal experience, and practical strategies for living a more authentic adulthood, as well as inspiration through interviews with dozens of voices from the rich diversity of the human population who have successfully launched their adult lives. Being an adult, it turns out, is not about any particular checklist; it is, instead, a process, one you can get progressively better at over time—becoming more comfortable with uncertainty and gaining the knowhow to keep going. Once you begin to practice it, being an adult becomes the most complicated yet also the most abundantly rewarding and natural thing. And Julie Lythcott-Haims is here to help readers take their turn.

The extraordinary story of Stefania Podgórska, a Polish teenager who chose bravery and humanity by hiding thirteen Jews in her attic during WWII, from #1 New York Times bestselling author Sharon Cameron - now a Reese's Book Club YA Pick! One knock at the door, and Stefania has a choice to make... It is 1943, and for four years, sixteen-year-old Stefania has been working for the Diamant family in their grocery store in Przemyśl, Poland, singing her way into their lives and hearts. She has even made a

promise to one of their sons, Izio -- a betrothal they must keep secret since she is Catholic and the Diamants are Jewish. But everything changes when the German army invades Przemyśl. The Diamants are forced into the ghetto, and Stefania is alone in an occupied city, the only one left to care for Helena, her six-year-old sister. And then comes the knock at the door. Izio's brother Max has jumped from the train headed to a death camp. Stefania and Helena make the extraordinary decision to hide Max, and eventually twelve more Jews. Then they must wait, every day, for the next knock at the door, the one that will mean death. When the knock finally comes, it is two Nazi officers, requisitioning Stefania's house for the German army. With two Nazis below, thirteen hidden Jews above, and a little sister by her side, Stefania has one more excruciating choice to make. This remarkable tale of courage and humanity, based on a true story, is now a Reese's Book Club YA Pick!

There is a huge elephant in the room: organizational decisions are often based on family relationships, rather than on the ‘ rational ’ approach advocated by many professionals. Textbooks on Human Resources, Management, Organizational Behavior, Economics, Public Administration, and a host of related areas seem to have entirely missed this important aspect of organizational decision making. This book seeks to change all of this. By clearly identifying and defining nepotism in organizations, this book pulls back the curtain on the primary basis for many of the important things that really happen in organizations, large and small. The authors skillfully weave examples of nepotism in real organizations with the usual scholarly textbook topics (hiring, leadership, employment law, career search, culture, etc.) in a way that defines an entire new field of quantitative organizational research. This new book in SIOP's Organizational Frontiers series represents the first time IO psychologists have looked at the important subject of nepotism in organizations.

Part noir, part psychedelic romp, all Thomas Pynchon—Private eye Doc Sportello surfaces, occasionally, out of a marijuana haze to watch the end of an era In this lively yarn, Thomas Pynchon, working in an unaccustomed genre that is at once exciting and accessible, provides a classic illustration of the principle that if you can remember the sixties, you weren't there. It's been a while since Doc Sportello has seen his ex-girlfriend. Suddenly she shows up with a story about a plot to kidnap a billionaire land developer whom she just happens to be in love with. It's the tail end of the psychedelic sixties in L.A., and Doc knows that "love" is another of those words going around at the moment, like "trip" or "groovy," except that this one usually leads to trouble. Undeniably one of the most influential writers at work today, Pynchon has penned another unforgettable book.

From the bestselling author of Team of Teams and My Share of the Task, an entirely new way to understand risk and master the unknown. Retired four-star general Stan McChrystal has lived a life associated with the deadly risks of combat. From his first day at West Point, to his years in Afghanistan, to his efforts helping business leaders navigate a global pandemic, McChrystal has seen how individuals and organizations fail to mitigate risk. Why? Because they focus on the probability of something happening instead of the interface by which it can be managed. In this new book, General McChrystal offers a battle-tested system for detecting and responding to risk. Instead of defining risk as a force to predict, McChrystal and coauthor Anna Butrico show that there are in fact ten dimensions of control we can adjust at any given time. By closely monitoring these controls, we can maintain a healthy Risk Immune System that allows us to effectively anticipate, identify, analyze, and act upon the ever-present possibility that things will not go as planned. Drawing on examples ranging from military history to the business world, and offering practical exercises to improve preparedness, McChrystal illustrates how these ten factors are always in effect, and how by considering them, individuals and organizations can exert mastery over every conceivable sort of risk that they might face. We may not be able to see the future, but with McChrystal's hard-won guidance, we can improve our resistance and build a strong defense against what we know—and what we don't.

Modern Theatres 1950 – 2020 is an investigation of theatres, concert halls and opera houses in Asia, Europe, the Middle East and North and South America. The book explores in detail 30 of the most significant theatres, concert halls, opera houses and dance spaces that opened between 1950 and 2010. Each theatre is reviewed and assessed by experts in theatre buildings, such as architects, acousticians, consultants and theatre practitioners, and illustrated with full-colour photographs and comparative plans and sections. A further 20 theatres that opened from 2009 to 2020 are concisely reviewed and illustrated. An excellent resource for students of theatre planning, theatre architecture and architectural design, Modern Theatres 1950 – 2020 discusses the role of performing arts buildings in cities, explores their public and performances spaces and examines the acoustics and technologies needed in a great building.

A Handbook of Egyptian Religion John Wiley & Sons

This new edition with its revised title provides critical reviews of art therapy tests along with some new reviews of assessments and updated research in the field. It is comprehensive in its approach to considering reliability and validity evidence provided by test authors. Additionally, it reviews research on art therapy assessments with a variety of patient populations. The book contains helpful suggestions regarding the application of art therapy assessments. Specific areas covered include individual, group, family, and multicultural assessment techniques. The desirable and undesirable features of a variety of art therapy assessments are deliberated. The book critiques a series of art therapy assessments - from traditional art therapy approaches to current releases. The goal of this work is to assist mental health professionals in selecting assessments that yield reliable and valid clinical information regarding their clients. Of special interest is the author's approach to writing the results of a series of art therapy assessments in an effort to provide a more complete indication of client dynamics and issues. It will be a valuable resource for practitioners who use art therapy as an adjunct or primary therapy, and it will serve to enhance clinical skills, making therapy more effective for each patient who participates in the assessment process.
