Told for the first time in his own words, this is the gripping inside story of Allan Moffat, an Australian motor sport legend. Allan Moffat is one of the legends of Australian motor sport. His extraordinary driving career, which lasted from the mid-1960s to the late 1980s, coincided with the heyday of touring car racing. His achievements included 32 Australian Touring Car wins, four of them at Bathurst, and four Championships. His Trans Am Mustang, surely the definitive racing touring car of all time, claimed more than 100 victories. But Moffat's impact went well beyond the winner's podium. He brought a new level of business professionalism to motor racing, pioneering the use of sponsorship in a way that would change the sport forever. Moffat, intense, reserved and driven, has been known as a man of few words. For years motor-sport fans have wanted to hear his story, and now Allan is telling it for the first time. His book is the compelling account of a young Canadian who moved to Australia with his family as a boy and became one of our greatest racing drivers. It's a tale of the epic rivalry with Peter Brock, which surprisingly culminated in a driving partnership and huge mutual respect, and it's about nostalgia for the glory days of motor sport in this country, when the concept of Holden versus Ford really did divide the nation, and when Mount Panorama was the true Mecca for hundreds of thousands, if not millions, of Australians. Filled with intense rivalries, huge egos, on-course stories and incidents, and all against the backdrop of our motor sport history over more than forty years, this is THE book for all fans of Australian motor racing.

The Holden Heritage Penguin Books

Mini Down Under traces the history of one of New Zealand's - and the world's - best-loved cars. More versions of the Mini were available in New Zealand than anywhere else, and the launching of the iconic car in February 1960 was a larger-than-life event. In this lively and personal story, the author tracks the Mini's life in New Zealand, the connection between Kiwi racing driver Bruce McLaren and the birth of the Mini Cooper, the heady days of competition success in the Antipodes, the local assembly and marketing of the classic original car and the eventual development into the latest generation Mini for a new century.

THE first of an exciting new book series from the V8 Sleuth team, 'Bathurst: Every Car, The Photographic History, 1990-1999' is a must-have for any motorsport fan. This 256-page hardcover collector's book brings to life 'The Great Race' in the 1990s and, at its core, includes a photo of every single car to compete in the Bathurst 1000 in the 1990s across the Group A, five-litre V8, Super Touring and V8 Supercar categories. In addition to the cars that took the start on race day, this book also includes images of those cars that didn't start the race despite taking part in practice and/or qualifying. This series of books has been inspired by V8 Sleuth's sold-out books from previous years documenting every Holden and every Ford to compete in the Bathurst 1000. In addition to Holden and

Ford, a variety of manufacturers take centre stage within the pages of this book focused on the 1990s. BMW, Toyota, Nissan, Audi, Volvo and many more will bring readers many amazing memories of the cars that have tackled Mount Panorama. Also included in the special publication is:- Information on each car's photo, with driver names, team names, make and model, race times, qualifying times and positions and assorted notes listed for each.- An introduction chapter for each year's race, from the 1990 Tooheys 1000 right through to the 1999 FAI 1000.- A dedicated statistical section breaking down the achievers in the Bathurst 'Great Race' from 1990 to 1999. As a special bonus, the 1999 Bob Jane T-Marts Bathurst 500 for Super Tourers is also included in the book alongside the 1000-kilometre races with images of every car from that often over-looked race. This is a unique Bathurst book that is a must-have for the collection of hardcore and casual motorsport and Bathurst 1000 fans alike. This book is the first in a new series of publications by the V8 Sleuth team that will focus on the history of the Bathurst 'Great Race' by decade and based upon the 'every car, every race' format.

Now 60 years old, your Slant Six could probably use some freshening up. Slant Six engine expert Doug Dutra has produced this volume to walk you through every aspect of disassembly, evaluation, rebuild, and reassembly in an easy-to-read, step-by-step format. The book also covers modifications, showing how to squeeze the most out of your engine. The year 1960 was an important one in auto manufacturing; it was the year all of the Big Three unveiled entrants in a new class of car called the compact. Chrysler's offering, the Plymouth Valiant, was paired with its redesigned 6-cylinder engine entrant, the Slant Six, known by its nickname the "leaning tower of power." This engine powered the Valiants when they swept the top seven positions in the newly christened compact race that precluded the Daytona 500. With its legacy intact, Chrysler's Slant Six powered Mopar automobiles for decades to come in three displacement offerings (170, 198, 225). With millions of Slant Six engines built over the 30-plus years that the engine was produced, it 's always a good idea to have this book handy, as you never know when the next "leaning tower of power" will find its way into your garage! p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}
