This book is a record in the lives of the Polich - Katavich families who struggled with a meagre existence in Yugoslavia before migrating to Australia. It details their lives in Australia and the struggles that most migrant families endured in the period before and immediately after the Second World War There is also a brief history of the country of their birth and its progress in the world after the defeat of the Austro - Hungarian and Nazi empires. It details also the extreme hardships of living in an occupied country. The later part of the book describes the life of the author and his family and relations and the achievements attained as intended by their parents when they decided to migrate. The title was derived from the answer to a question that the authors Grandmother posed to her daughter. Is the grass greener on the other side?

It takes a strong man to resist the strange allure of a Holden Piazza, and at the age of eight, lying on his parents' lounge room floor watching Sale of the Century, Chris Warr didn't stand a chance. An unhealthy obsession was born. The Holden Piazza, a glossy black wedge-bonneted sports car, was the ultimate prize of prizes on Australia's richest quiz show. Unfortunately it was also frequently the butt of jokes from motoring critics and the general public alike. Its launch in 1986 attracted comments such as, 'Holden Piazza; the answer to the question nobody asked' and 'exhilarating in the hands of an experienced driver . . . dangerous in the hands of others'. So it's not surprising that less than 200 new Holden Piazzas were sold in Australia, and less than 80 are still on Australian roads today. Chris lived with his hidden shame for over a decade, until fate led to a meeting with Joe Kremzer, a fellow Piazza aficionado and a dream was born. Together, they would go in search of the Holden Piazza - indeed they would go in search of the Holden Piazza IN a Holden Piazza - travelling the length and breadth of Australia seeking out owners past and present of this iconic if much maligned vehicle. Their quest results in a quirky, laugh-out-loud adventure, in the tradition of Tony Hawkes (Round Ireland With A Fridge) and Dave Gorman. A rollicking great read for all motoring tragics and anyone who likes a beer and a laugh, In Search of the Holden Piazza is as Australian as pie and sauce or a beat-up FJ Holden.

Holden Improved Performance

Based on the popular Artech House classic, Digital Communication Systems Engineering with Software-Defined Radio, this book provides a practical approach to quickly learning the software-defined radio (SDR) concepts needed for work in the field. This up-to-date volume guides readers on how to quickly prototype wireless designs using SDR for real-world testing and experimentation. This book explores advanced wireless communication techniques such as OFDM, LTE, WLA, and hardware targeting. Readers will gain an understanding of the core concepts behind wireless hardware, such as the radio frequency front-end, analog-to-digital and digital-to-analog converters, as well as various processing technologies. Moreover, this volume includes chapters on timing estimation, matched filtering, frame synchronization message decoding, and source coding. The orthogonal frequency division multiplexing is explained and details about HDL code generation and deployment are provided. The book concludes with coverage of the WLAN toolbox with OFDM beacon reception and the LTE toolbox with downlink reception. Multiple case studies are provided throughout the book. Both MATLAB and Simulink source code are included to assist readers with their projects in the field.
