E Carson-Dellosa Publishing

Percy Jackson is about to be kicked out of boarding school...again. And that's the least of his troubles. Lately, mythological monsters and the gods of Mount Olympus seem to be walking straight out of the pages of Percy's Greek mythology textbook and into his life. Book #1 in the NYT best-selling series, with cover art from the feature film, *The Lightning Thief*.

Vocabulary from Latin and Greek Roots Disney Electronic Content

Help students improve their mastery of the English language and acquire the keys for understanding thousands of words by studying Greek and Latin word parts (prefixes, root words, and suffixes). This is one of the most complete, usable presentations of vocabulary development using word parts you will find. A knowledge of word parts gives students a head start on decoding words in reading and testing situations. This is the first book in the two-book series. Each of the well-developed lessons in this text includes: one to three word parts along with meanings and sample words, five vocabulary words that use the prefixes or root words, definitions and sample sentences for each of the five words, a practice exercise that lets students apply knowledge of the words and their meanings, and a one-page review worksheet for one or two lessons that presents more unique opportunities to work with the prefixes and root words and to see how they are combined with suffixes. In addition to the student pages, the teacher's information section includes: an extensive listing of the most common prefixes, root words, and suffixes; their meanings and sample words; additional words for each lesson; and lesson ideas to supplement the word being studied.

For older students, use *Red Hot Root Words*, Book 2. Grades 3-5

I'm Lovin' Lit Interactive Grammar Notebook, Grades 4 - 8 Scholastic Inc.

The classic, single-volume introductory Latin textbook, introduced in 1956 and still the bestselling and most highly regarded textbook of its kind. Wheelock's Latin, sixth edition, revised, has all the features that have made it the best-selling single-volume beginning Latin textbook, many of them revised and expanded: o 40 chapters with grammatical explanations and readings based on ancient Roman authors o Self-tutorial exercises with an answer key for independent study o An extensive English-Latin/Latin-English vocabulary section o A rich selection of original Latin readings — unlike other textbooks which contain primarily made-up Latin texts o Etymological aids Also includes maps of the Mediterranean, Italy and the Aegean area, as well as numerous photographs illustrating aspects of classical culture, mythology, and historical and literary figures presented in the chapter readings. o The leading self-tutorial Latin program. Also great for college and accelerated high school courses. o Wheelock's Latin is the top-selling Latin reference in the US. o Interest and enrolments in Latin have been steadily rising in the U.S. for the past 20 years. One-half million people are currently enrolled in Latin classes, and at least 10,000 teachers, professors and graduate assistants are teaching the language in America.

Ready-to-Go Learning Packets That Teach 150 Robust Words to Improve Students' Ability to Elaborate and Write Precisely Teacher Created Materials

An inspiring picture book biography about British Iraqi architect Zaha Hadid, who was a pioneer in her field against all odds, told by debut author-illustrator Victoria Tentler-Krylov. The city of Baghdad was full of thinkers, artists, and scientists, the littlest among them Zaha Hadid. Zaha knew from a young age that she wanted to be an architect. She set goals for herself and followed them against all odds. A woman in a man's world, and a person of color in a white field, Zaha was met with resistance at every turn. When critics called her a diva and claimed her ideas were unbuildable, she didn't let their judgments stop her from setting goals and achieving them one by one, finding innovative ways to build projects that became famous the world over. She persisted, she followed her dreams, and she succeeded.

Building Vocabulary From Word Roots Student Book Lv 7 (4c) Perfection Learning

Over 60 percent of all English words have Greek or Latin roots. In the vocabulary of the sciences and technology, the figure rises to over 90 percent. About 10 percent of the Latin vocabulary has found its way directly into English without an intermediary (usually French). This handbook is designed to increase and consolidate the English vocabulary of Greco-Latin origin. It is divided into two practically equal sections, which present, respectively, the vocabulary of Latin origin and that of Greek origin. Each of these sections begins with a list of the main

English roots derived from Latin or Greek. These roots, unlike other handbooks, are classified according to the order of Latin or Greek grammar. That is, they are presented by grammatical categories (nouns, adjectives, verbs, etc.). Within each grammatical category, the structure of Latin or Greek grammar is followed: name of the declension, type of verb, etc. Thanks to this, the reader can more easily grasp the similarity between English and Latin or Greek words. After this list of roots, there is a section of prefixes and suffixes of Latin or Greek origin. Affixes are a very important mechanism for building new words. In Latin and Greek, they were very productive, and English has inherited this productivity, which coexists with other mechanisms typical of its Germanic origin. Greco-Latin affixes are still alive and many new words being created use them. Finally, in the section on Greek etymologies, a chapter groups Greek and Latin terminology according to the semantic field. In this way, the reader can observe and practice the areas in which Latin and Greek have been most decisive: medicine, botany, social sciences, etc. In each of these sections, there are review and consolidation exercises. These exercises are intended to be varied and insist on the most important roots that should be thoroughly understood. Not all the words presented throughout the book are equally important. Some belong to the everyday lexicon, while others are only found in very specialized contexts. We have decided to present the maximum number of words, to understand the impact of the Greco-Latin influence, and to facilitate their memorization, by grouping all the words from the same root. The book has an answer key at the end.

Greek and Latin Roots and Affixes Merriam-Webster
Students learn the sources of hundreds of vocabulary words

with this new, multi-year program. Unlike many programs that depend on rote memorization, Vocabulary from Latin and Greek Roots incorporates a variety of techniques to teach students the skills they need to determine the meaning of unfamiliar words, while also expanding sight vocabulary. Vocabulary from Latin and Greek Roots reinforces new words through a format that capitalizes on word families, associative hooks, and visuals to jog the memory, building language-analysis skills. Exercises designed for maximum retention. Many vocabulary programs are focused on preparing students for a test from week to week, but Vocabulary from Latin and Greek Roots teaches skills that they can use for a lifetime. Teaches word analysis skills by focusing on root words. Additional notes on word and phrase histories build interest. Humorous visual mnemonics reinforce recall. Book Five is recommended for 11th Grade. This is a student classroom edition. Tests and Answer Keys are available through the publisher but are only sold to schools and teachers.
