Volvo 940 Manual
Transmission - partsstop.com
Volvo states that manual transmissions with an aluminum case should be driven for about 20 minutes to

achieve normal operating temperature. With the car stationary, engine idling, clutch pedal depressed and shift lever in Neutral, release the clutch pedal and listen for mechanical noise.

Welcome to Volvo

M90 is the model designation for an automotive rear-wheel drive gearbox that was introduced in mid-1994 Volvo 940/960. The M90 RWD gearbox and the M56 FWD gearbox are considered to be brother and sister because they are built on the same gearbox platform and have many parts in common. All turbocars have the M90 gearbox as standard from 1995.
