Volvo D42 Engine

The programme will see Volvo abandon its current eight engine architectures in favour of two four cylinder units – one petrol, one diesel. From these, all future engines will be derived, no matter how potent they are. The measures Volvo has come up with result in the number of cylinders in an engine being no longer relevant to its power or drivability. “By making the engine smaller we make ...

Equipment

My new May 2014 Volvo V70 Diesel (D4 181) has been extremely plagued with faults. The repairs were carried out at two separate Volvo dealers. I was told by one of the dealers that Volvo are aware of customers' disappointment but that they are "working on it". The problems are mainly with the new 2.0-litre D4 Diesel engine. Should I attempt to get redress from Volvo and should I change to say ...
