The World Is No Longer Flat Culo is an art, fashion, and pop-culture movement that defies all national, cultural, and linguistic boundaries. No matter if you were raised to call it derriere, tush, rear end, or booty, culo is the new epicenter of female sexuality, desire, and empowerment. Over the past decade, some of the world's most celebrated women have subtly shifted our long-held ideals of physical perfection toward a shape that is more authentic and bold. While culo has long been venerated in certain cultures, it is now becoming the object of worldwide mainstream admiration. This emerging global love affair with culo is as much about the blending of African, Latin, European, and Asian beauty as it is about celebrating the female form's most coveted asset. *Culo* by Mazzucco pays tribute to this phenomenon through a singular artistic vision. In more than 200 photographs and artworks created on location around the world, a diverse group of women—some already legendary, some about to become so—embody the spirit of culo and the start of a new era of beauty.
