The interest and fascination these novel vehicles generate have made tiny cars and trucks significant collectibles over the past decade, and yet information on micro trucks has been almost non-existent. Old brochures printed by numerous micro car builders depict various truck versions: in the case of Iso, everything from hook (crane) and ladder to vans to pickups were featured, but few, if any, examples were thought to have been built beyond the prototype stage. Full colour photography, text and specs describe virtually unknown production micro trucks. Featured are rare Iso utility vehicles and Topolino Fiat vans, as well as more common production micro trucks from Autobianchi, Moto

Guzzi, Vespa Ape, New Map Solyto and Diahatsu. 98 colour photos show many rare and extraordinary micro trucks.

Covers the continued development of short oval motor racing in the UK. At the top level of the sport, cars became more sophisticated and expensive, which led to the introduction of new classes to cater to drivers who no longer had the budget to compete at this level. Promoters continued to work with each other and there was a regular interchange of drivers across the country — not only at major championship events but also in one-off team meetings. Over ninety never-before-published photos and championship listings complement the evocative text. Complete with 100 nostalgic pictures from racing throughout the decade, and a comprehensive

listing of major championship
dates, venues and winners.
