Twenty years ago, the Mazda MX-5 Roadster was born – the result of five years' research and development by two project teams split across Japan and the USA. When launched, it was the sports car the world was waiting for. Over the past 20 years, the MX-5 has evolved and changed, but has managed to stay true to the original philosophy of 'horse and rider as one,' a car to truly engage with the driver and provide the ultimate top-down driving experience with its perfect 50/50 weight distribution and neutral handling – it is easy to control, nimble and light, and inexpensive to buy, own and maintain. The MX-5 is a true testament to itself as the 'world's best-selling sports car,' and with the earlier MkI and MkII available for modest prices, it is the perfect choice as a fun and enjoyable daily driver, a weekend track car, or a project base for a kit car. This book will help you get the MX-5 of your dreams.

When launched, the Ford Capri was revolutionary. It was a car that set the European market alight, allowing even a buyer on a modest budget an intoxicating whiff of the exotic while keeping running costs at affordable levels. That status eroded over time, and the Capri sat in the classic car doldrums for many years. That situation has thankfully changed, and Capri values are rising rapidly This guide takes the potential purchaser through a short initial examination to weed out the obviously defective followed by a more comprehensive step by step look at the body and mechanical parts with jargon-free text accompanied by over 100 photographs. A unique points marking system ensures that nothing is overlooked.
