It is the first time that the history of the always under-financed Gordini racing team has been documented in English, and the first complete story of Gordini himself in any language. This volume will appeal to new enthusiasts and old hands of Formula 1 and sports prototype racing, especially those who have owned a Gordini-badged high-performance Renault road car. The book is packed with evocative period images from important collections, supplementary transcripts in English from many contemporary interviews, plus recollections from former employees remembering their time working with Gordini, and an exhaustive set of statistics. All the way it's a roller coaster of joy, despair, humour, and stunning images. The racing legend of 'Le Sorcier' lives on.
