Volkswagen Passat - Wikipedia
The B6 Passat was first displayed at the Geneva Motor Show in March 2005, and launched in Europe in the summer of 2005. Unlike its predecessor, the B6 Passat no longer shared its platform with Audi's equivalent model (the Audi A4). Based on a modified version of the Mk5 Golf's PQ35 platform (PQ46), the B6 featured a transverse rather than longitudinal engine layout of its predecessor, like the previous B3 and B4 generations, which were related to the A2 (Golf) platform.

VW Passat 2.0T Misfire B6
At launch, the VW Passat B6 was fitted a 1.9-liter TDI unit good for 105 HP, also derived into the Bluemotion variant. Next up is a more refined 2.0-liter TDI engine delivering either 140 or 170 HP, which Volkswagen replaced in 2008 with a common-rail version, available with the same power outputs as before.
