"This book offers the reader the best example of how a great idea can, eventually, create a revolution and change a whole community. I met Frank Cruz years ago on the streets of Los Angeles. He witnessed the Latino wave from its beginnings. Frank is a pioneer, a creator, and a fantastic journalist. I doubt he ever expected to be writing his own story. But, if you want to understand us, read this book." Jorge Ramos, Journalist and Author "Frank Cruz has cracked open that unmarked box tucked away in America's attic. So afraid to reveal its contents, we forget the jewels it hides. Through his story, Frank lets us peek into our history. A diverse, complicated people with a textured history. Grit, faith and ingenuity -- we shouldn't hide that. Bravo, Frank." Xavier Becerra, Attorney General of California Latino Public Broadcasting is dear to my heart and its legitimization of our stories exists because of the guidance and expertise of my compadre Frank Cruz. His wisdom and leadership developed as he broke through barriers in multiple industries and ultimately rose to the top in each of his careers, as he has recounted in this memoir. Through his own story, Frank continues to teach, inspire, and give voice to the Latino experience. Edward James Olmos, Actor, Director, Producer, and Activist "Frank Cruz has lived a life of accomplishment and contributions. He paved an untrodden path of Latino journalistic

professionalism and was courageously and determinedly true to his vision. In so doing, he touched many lives and set a stellar example." Henry Cisneros, former HUD Secretary and San Antonio Mayor "This important story is very well told and full of good anecdotes, reflections and advice. Frank Cruz's graduate work in history, experience in journalism, and ability to make a point by telling a compelling story, are all put to good use in telling his own unique story which will inform and inspire." Felix Gutierrez, Journalism Professor Emeritus, USC

Motor Auto Repair Manual. Haynes Publishing

When Bruno Sacco walked through the doors on his first day at Mercedes-Benz on 13 January 1958, it is highly unlikely that his Daimler-Benz colleagues could ever imagine that this nervous young man would not only revolutionize design but would change the way design and innovation connected with brand tradition forever. Bruno Sacco is one of the most influential automotive designers of the late twentieth century; many models launched during his era now characterize the Mercedes-Benz brand. When Nik Greene asked Bruno Sacco to assist with this book, he replied humbly "No-one designs a car alone, and more to the point, I never, for one minute, wanted to. From the moment I became Head of Design, I put down my pens and became a manager of minds." With over 330 photographs and illustrations, this book includes an overview of the early days of functional vehicle design and the influence of safety on design evolution. The protagonists of Daimler-Benz design from Hermann Ahrens to Paul Bracq are covered. Design philosophy and innovation under Bruno Sacco is discussed along with the Sacco-designed cars and, finally, the Bruno Sacco legacy.
