**Securing the Vote** Longman Publishing Group

The soft crash of waves that blissfully block out all other noise, the smell of two-stroke and lawn clippings, the first sip of cold beer, the laboured whir of the ceiling fan, the sound of a bag of ice hitting the pavement, that feeling of salt on skin and even the smell of prawns on bin night. Comedian Tim Ross uses the Australian Summer as a back drop for a new collection of nostalgic short stories.

This Revised edition of A New Geography of Ghana is written specially for the WAEC O' Level syllabus and provides full coverage of Section A of Paper 2.

Fundamentals of Guidance SAGE Publications

During the 2016 presidential election, America's election infrastructure was targeted by actors sponsored by the Russian government. **Securing the Vote: Protecting American Democracy** examines the challenges arising out of the 2016 federal election, assesses current technology and standards for voting, and recommends steps that the federal government, state and local governments, election administrators, and vendors of voting technology should take to improve the security of election infrastructure. In doing so, the report provides a vision of voting that is more secure, accessible, reliable, and verifiable.

**Public Examinations Examined** Simon and Schuster

Dilemma of a Ghost When Ato returns to Ghana from his studies in North America he brings with him a sophisticated black American wife. But their hopes of a happy marriage and of combining 'the sweetness and loveliest things in Africa and America' are soon shown to have been built on an unstable foundation.

The Export Administration Act Springer Science & Business Media

Offering a conceptual framework for teaching the visual arts (K-12 and higher education) from a cultural standpoint, the author discusses visual culture in a democracy.

**The Practice of Qualitative Research** State University of New York Press

SONIDOS, SABORES Y PALABRAS features a diverse range of activities and exercises based on each song. These activities will have students call upon prior knowledge, reflect and empathize with the lyrics, and make connections to their own experiences. The thought-provoking group activities require students to analyze the meaning behind the songs, as well as investigate and discuss how they relevantly reflect Latin cultures today. Suitable for self-study, building vocabulary, and developing reading and listening skills.

**The Ladies ? Paradise** Routledge

The Practice of Qualitative Research guides readers step by step through the process of collecting, analyzing, designing, and interpreting qualitative research. Written by Sharlene Nagy Hesse-Biber in an engaging style, this student-centered text offers invaluable insights into the practice of qualitative research, with coverage of in-depth interviewing, focus groups, ethnography, case study, and mixed methods research. The Third Edition features even more integrated attention to online research and implications of social media throughout all methods chapters; updates on qualitative analysis software; and significantly expanded coverage of ethics.

*The History of Education in Ghana* Parentology

Martha E. Snell is listed as the first author on the title page of the previous edition.

Migration, free movement and regional integration World Bank Publications

Draws together the most recent and rigorous research on the strengths and weaknesses of the Advanced Placement program. Examines closely the differences between AP and other high school courses, as well as variations among AP courses. In-depth studies gauge the impact of AP coursework on student performance in college. Finally, researchers examine the use of AP information in college admissions. From publisher description.

Rhythm Planet Prentice Hall

An exploration of the reasons for and meanings of poetry analyzes poems by Wordsworth, Plath, Neruda, and others to define their unique power and message

**Women of Owu** Belknap Press

"A breadth of interdisciplinary voice" discuss how geographical insularity - specifically that of Britain and Ireland - has affected artistic tradition. A generously illustrated collection, *The Insular Tradition* explores the various ways in which tradition becomes part of our definition of insular culture and cultural history. The essays are the outcome of a conference held within the Medieval Academy of America meeting at Kalamazoo in 1991. Scholars from America, Scandinavia, Britain, and Ireland came together to discuss the latest research on the remarkable Christian art which flourished among the Celtic and Anglo-Saxon peoples in the Early Medieval Period. New discoveries and a renewed research interest are shedding light on the splendid manuscript illuminations, sculpture, and metalwork of the time. Historical sources are reanalyzed and, together with modern approaches to interpretation, provide fascinating new insights into the social, economic, and spiritual background of the creative artists. This book presents a number of challenging reinterpretations of landmark achievements such as the Book of Kells, the Irish High Crosses, and the enigmatic symbolic and decorative systems of the Pictish people of Scotland. The contributors discuss the processes of creativity, the way in which influences are transmitted, the cross-fertilization of the arts in different media, and the role of trade and exchange and of the patron. Extensive illustrations, some of them difficult to source elsewhere, and comprehensive up-to-date bibliographies make the volume especially useful to those wishing to find a suitable point of entry into this expanding and ever-changing field.

**Parentology** BoD - Books on Demand

The book provides the statutory authority for export controls on sensitive dual-use goods and technologies, items that have both civilian and military applications, including those items that can contribute to the proliferation of nuclear, biological and chemical weaponry. This new book examines the evolution, provisions, debate, controversy, prospects and reauthorisation of the EAA.

**Real-World Electronic Voting** Brookes Pub

The Handbook of Research-Based Practices for Educating Students with Intellectual Disability provides an integrated, transdisciplinary overview of research-based practices for teaching students with intellectual disability. This comprehensive volume emphasizes education across life stages, from early intervention in schools through the transition to adulthood, and highlights major educational and support needs of children and youth with intellectual disability. The implications of history, recent research, and existing information are positioned to systematically advance new practices and explore promising possibilities in the field. Driven by the collaboration of accomplished, nationally recognized professionals of varied approaches and philosophies, the book emphasizes practices that have been shown to be effective through multiple methodologies, so as to help readers select interventions based on the evidence of their effectiveness.

Factors contributing to academic performance of students in a Junior High School Teachers College Press

The book is a cutting-edge contribution to the debate which has occurred for some time on the pros and cons of secondary education becoming more closely and explicitly related to preparing young people for the world of work. The book provides concrete examples of the vocationalisation of secondary education, with particular reference to the situation in Africa. The target audience for the book includes policy-makers, practitioners, administrators, education planners, researchers, teachers and teacher educators with a concern about the relationship between secondary education and education for the world of work (with particular reference to technical and vocational education and training - TVET.) The book appears in the Springer book series on 'Technical and Vocational Education and Training: Issues, Concerns and Prospects' and compliments the 'International Handbook of Technical and Vocational Education and Training' and other publications in the 'International Library of TVET' all of which are publications of the 'UNESCO-UNEVOC International Centre for TVET' in Bonn, Germany

Published in the year 1971, *The History of Education in Ghana* is a valuable contribution to the field of History.

**Insular Tradition, The** Ibadan University Press

This established text is the only introduction to qualitative research methodologies in the field of library and information management. Its extensive coverage encompasses all aspects of qualitative research work from conception to completion, and all types of study in a variety of settings from multi-site projects to data organization. The book features many case studies and examples, and offers a comprehensive manual of practice designed for LIS professionals. This new edition has been thoroughly revised and includes three new chapters. It has been updated to take account of the substantial growth in the amount and quality of web-based information relevant to qualitative research methods and practice, and the many developments in software applications and resources. The authors have identified a clear need for a new chapter on the evaluation of existing research, as a gateway into new research for information professionals. The final chapter, 'Human Resources In Knowledge Management', takes the form of a model case study, and is an 'ideal' qualitative investigation in an information setting. It exemplifies many of the approaches to qualitative research discussed in earlier chapters. Readership: Directed primarily at the beginner researcher, this book also offers a practical refresher in this important area for the more experienced researcher. It is a useful tool for all practitioners and researchers in information organizations, whether libraries, archives, knowledge management centres, record management centres, or any other type of information service provider.

AP Creative Publishing International

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

**The Actor's Life** National Academies Press

**Real-World Electronic Voting: Design, Analysis and Deployment** captures all major developments in electronic voting since 2003 in a real-world setting. It covers three broad categories: e-voting protocols, attacks reported on e-voting and new developments on the use of e-voting. This book explores recent innovations in both poll-site and remote voting systems and their application throughout the world. The requirements of elections are analysed, the available tools and technologies are described, and a variety of modern systems are presented in detail together with discussions of deployments. This is an invaluable resource for election professionals, researchers and policy makers alike. Key Features: Reviews both technical and social aspects of e-voting Covers e-voting protocols, attacks reported on e-voting and new developments on the use of e-voting Designed for government election practitioners and policy makers who want to understand the threats and opportunities in e-voting and assess its suitability for future elections
