3M Micropore - Paper Tape (Hypoallergenic)

To help me stay with the cure without all the notoriety and embarrassment I tried the Tan version of 3M Micropore paper tape. The tan color tape is much less noticeable on my face and some people miss it all together. The shear design is porous and my own skin color blends through the tan tape. The porous nature of the tape helps get air to the ...

This tape is the absolute best. I have to use to keep a hormone patch on and all other paper tape will either not stick for any longer than 10 min after applied, or will rip your skin off and itches. This tape sticks as it supposed to and will come off without any discomfort at all, and I leave on for a week at a time.
