Transforming the workplace with digital tools to improve connectivity, communication, and collaboration among employees is a strategic imperative for most executives, according to a recent survey. But new tools alone will not be enough to

enable organizations to succeed in an increasingly competitive, connected, and rapidly changing world.

Women in the Workplace: How We Work | The Wall Street Journal

Wall Street is often thought of as both the symbol and geographic center of American capitalism. Symbolically, Wall Street refers to all the banks, hedge funds, and securities traders that drive the stock market and the whole American financial system. Geographically, Wall Street is the center of Manhattan's Financial District.

How Americans spend their time - WSJ.com

The average American spent 3 hours and 32 minutes a day working or commuting to work last year, including weekends. That's down from 3 hours and 42 minutes in 2005 and is four minutes less than in 2014.. Meanwhile, Americans slept an average of 8 hours and 50 minutes a day in 2015, 13 minutes more than a decade earlier and two minutes more than in 2014.

She also spent six years as global management
editor, leading coverage of management, executive

leadership and the future of work. Ms. Waller joined
the Journal from the Miami Herald in 2008, expanding
digital coverage of personal finance through the
financial crisis; she also created The End of Wall
Street, an oral history of the crisis and the
Journal's first long-form video documentary.

Wall Street Journal At Work

"My leg somehow forgot to work from disuse, and I
went crashing into the floor." Yes, exercise at
home during the pandemic, but don't stretch it too
far. Home-office workers seek relief for sedentary
muscles but find risks; falling asleep in the
butterfly position.
