Henri de Marne is among America's best-known experts on every aspect of home ownership. For 32 years, people have depended on him for answers to questions such as: What should I do when moss is growing on the north side of a roof?. How can I stop the toilet tank from sweating?. How can I paint a basement floor and not have the paint peel off?. What is the best way to get

rid of carpenter ants?. Where can I get replacement hardware for my old windows?. Why have my windows been steaming up ever since I installed a new furnace? The one disadvantage of a column, of course, is that you don't necessarily save all those columns, to be handy when you need the information. This is a big collection--probably the most complete handbook for homeowners that has ever been published--and in the same conversational, easy-to-understand language that readers have come to expect over the years.

This early manual is a fascinating read for any carpentry enthusiast or historian, but contains much information that is still useful and practical today. The primary aim is to furnish workers with information and practical suggestions, regarding the repair and refinishing of Antique and all other types of furniture. It is written in a form which is easy to read and understand, and it is intended to be used as a manual during the work. A

comprehensive and informative look at the subject illustrated by extensive diagrams and photographs. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
