[Part 1 How To Repair Open Wallpaper Seams - Spencer Colgan ...](#)

When you notice gaps between your wallpaper seams, you can use paint a color that is similar to the one on the wallpaper and cover small gaps. This only works for small gaps, but it is far simpler and less potentially damaging than re-doing the wallpaper. If the gaps are too big, you will probably want to try to re-apply the wallpaper.

[How to Reattach Loose Wallpaper Seams and Edges - dummies](#)

[Covering Seams](#) If you are going for a smooth wall look, you'll need to "float" the wallpaper seams. This means applying drywall joint compound over every seam and sanding it smooth. Apply at least two coats of joint compound, allowing it to dry for four to eight hours in between coats.

To repair wallpaper joints with seam glue, use a small artist's brush to spread the glue on the back of the wallpaper, then wait for the adhesive to soften and reactivate the old wallpaper paste. When the area is tacky to the touch, gently push the seams back down using a damp cloth.
