Disney Parks  
(Introduction by Tony  
Baxter)

This expansive, must-have coffee table book paints a robust

---

portrait of the Walt Disney World Resort, across half a century, through diverse and vibrant voices and mostly unseen Disney theme park concept art and photographs. Walt Disney's vision for the Florida Project begins with Disneyland and the 1964-1965 New York World's Fair. After an imaginative and expansive design, a unique land acquisition process, and an innovative construction period, the Walt Disney World Resort celebrated its Grand Opening in October 1971. It featured a theme park dubbed the Magic Kingdom and three recreational resorts: Disney's Contemporary Resort, Disney's Polynesian Village, and Disney's Fort Wilderness Resort & Campground. As Walt Disney World consistently grew and further evolved through the five decades that followed, certain themes reverberated: an appreciation for nostalgia, a joy for fantasy, a hunger for discovery, and an unending hope for a better tomorrow. Inspirational and memorable theme parks, water parks, sports arenas, recreational water sports, world-class golf courses, vast shopping villages, and a transportation

---

network unlike any other in the world resulted in fun, festive, and familiar characters, traditions, spectacles, merchandise, and so much more. The resort has come to represent the pulse of American leisure and has served as a backdrop for life's milestones both big and small, public and private. Walt Disney World: A Portrait of the First Half Century serves	as a treasure trove for vacationers, students of hospitality, artists, and all Disney collectors. Walt Disney World: Then, Now,

and Forever Disney Editions  
Every athlete who spends time in  
the weight room eventually deals  
with pain/injury that leaves them  
frustrated and unable to reach their  
highest potential. Every athlete  
ought to have the ability to take the  
first steps at addressing these minor  
injuries. They shouldn't have to  
wait weeks for a doctor's  
appointment, only to be prescribed  
pain medications and told to  
"take two weeks off lifting" or,  
even worse, to "stop lifting so  
heavy." Dr. Aaron Horschig  
knows your pain and frustration.  
He's been there. For over a  
decade, Dr. Horschig has been a  
competitive weightlifter, and he  
understands how discouraging it is  
to tweak your back three weeks out

from a huge weightlifting  
competition, to have knee pain  
limit your ability to squat heavy for  
weeks, and to suffer from chronic  
shoulder issues that keep you from  
reaching your goals. Rebuilding  
Milo is the culmination of Dr.  
Horschig's life's work as a  
sports physical therapist, certified  
strength and conditioning specialist,  
and Olympic weightlifting coach. It  
contains all of the knowledge he has  
amassed over the past decade while  
helping some of the best athletes in  
the world. Now he wants to share  
that knowledge with you. This  
book, designed by a strength athlete  
for anyone who spends time in the  
weight room, is the solution to your  
struggles with injury and pain. It  
walks you through simple tests and

---

screens to uncover the movement problem at the root of your pain. After discovering the cause of your injury, you ' ll be able to create an individualized rehab program as laid out in this book. Finally, you ' ll be on the right path to eliminate your pain and return to the activities you love.

#### A Souvenir Disney Songbook Penguin

Anyone who has ever walked through the gates at a Disney Park knows that there is a magical experience waiting to be had on the other side. All of the telltale signs are there: the sound of joyful music pipes across the promenade; the smells of popcorn and cookies waft through the air; and the colorful attraction posters depict all the

wonderful rides and shows created for Guests by the Imagineers. Poster Art of the Disney Parks is a tribute to those posters, which begin telling the story of each attraction even before Guests have entered the queue area. Disney attraction posters have been an important means of communication since Disneyland began displaying them in 1956. Not only are they eye-catching pieces of artwork that adorn the Parks with flair and style, they are also displayed to build excitement and disseminate information about the newest additions to the Disney landscape. When the first attraction posters made their debut at Disneyland, one such piece of art proclaimed that Guests could have a “ true-life

adventure ” on the Jungle Cruise. And in 2012 at Disney California Adventure, a poster announced the grand opening of Cars Land—the newest thrill-filled destination at the Disneyland Resort. Both of those posters are reproduced within this book, along with posters from every decade in between. As evidenced by the evolution of the attraction posters, art styles and design techniques have certainly changed over the years. These characteristics also differ from continent to continent. Posters from Tokyo Disneyland, Disneyland Paris, and Hong Kong Disneyland exhibit the nuances in presentation that give each Park ' s pantheon of posters its signature look. But while artistic interpretations and color palettes

---

may vary from Park to Park and from year to year, the spirit of Disney storytelling is a constant that ties them all together.

### Maps of the Disney Parks Unofficial Guides

"Since its opening in October 1971, Walt Disney World has continued to expand and evolve as the most visited vacation resort in the world. What hasn't changed over five decades is the incomparable sense of magic it bestows on all who pass through the arched entrance gates. Disney World at 50 is a celebration of the park's rich and fascinating history, from its early development as "The Florida Project" to the ever spectacular present. Explore Walt's original utopian vision, the most incredible feats by Disney's

Imagineers, and each of the individual theme parks. Featuring historic coverage and over 100 photos from the Orlando Sentinel archives, the commemorative edition is a visually stunning chronicle of the place where dreams come true." --

(Introduction by Tony Baxter)

Hyperion Books

The Haunted Mansion is one of the most popular and beloved attractions in Disney theme park history, and can be found in each Magic Kingdom Park around the globe. The Haunted Mansion: From the Magic Kingdom to the Movies will illustrate how the Mansion's 999 "grim grinning ghosts" moved from sketches to reality, evolving from earliest story concepts through adaptations and changes as it moved into each of the parks, to the very latest ideas for show enhancements. This book will also confirm or dispel the various myths and rumors that surround the mysterious

Mansion's story. In recent years, The Walt Disney Company has seen the demand for theme park attraction-specific merchandise explode, and the Haunted Mansion resides at the top of the list. Fans are waiting with super(natural) anticipation for the upcoming movie, and this book will also explore the latest technology developed to bring the Mansion's inhabitants to an afterlife like never before.

How to Build a Better Business

The Disney Book Theme Park Press Based on the Land exhibit at Walt Disney's EPCOT Center, traces the history of agriculture with emphasis on future methods of farming and growing food.

---

Walt's Disneyland Hyperion  
From the author of *Expecting Better* and *The Family Firm*, an economist's guide to the early years of parenting. “Both refreshing and useful. With so many parenting theories driving us all a bit batty, this is the type of book that we need to help calm things down.” —LA Times “The book is jam-packed with information, but it's also a delightful read because Oster is such a good writer.” —NPR With *Expecting Better*, award-winning economist Emily Oster spotted a need in the pregnancy market for advice that gave women the information they needed to make the best decision for their own pregnancies. By digging into the data, Oster found

that much of the conventional pregnancy wisdom was wrong. In *Cribsheet*, she now tackles an even greater challenge: decision-making in the early years of parenting. As any new parent knows, there is an abundance of often-conflicting advice hurled at you from doctors, family, friends, and strangers on the internet. From the earliest days, parents get the message that they must make certain choices around feeding, sleep, and schedule or all will be lost. There's a rule—or three—for everything. But the benefits of these choices can be overstated, and the trade-offs can be profound. How do you make your own best decision? Armed with the data, Oster finds that the conventional wisdom doesn't

always hold up. She debunks myths around breastfeeding (not a panacea), sleep training (not so bad!), potty training (wait until they're ready or possibly bribe with M&Ms), language acquisition (early talkers aren't necessarily geniuses), and many other topics. She also shows parents how to think through freighted questions like if and how to go back to work, how to think about toddler discipline, and how to have a relationship and parent at the same time. Economics is the science of decision-making, and *Cribsheet* is a thinking parent's guide to the chaos and frequent misinformation of the early years. Emily Oster is a trained expert—and mom of two—who can empower us to make better, less

---

fraught decisions—and stay sane in  
the years before preschool.
