In this lost classic, the pioneering motivational coach teaches how to make the crucial leap from faith to action in bringing your dreams to life. Believe in yourself...Have faith. We often hear these expressions. But faith is not enough. We need Applied Faith. In three hard-hitting chapters, motivational master Napoleon Hill teaches you how to transform belief to action, and faith into real-life plans. Application. Enthusiasm. Action. These are the three keys required to do more than just "believe in yourself"--but to actually BE the person you want to be. Wishes

Won't Bring Riches provides you with the missing link necessary to go from visualizing your dreams to living them.

The Colt M1911 is one of the most well-known and popular military weapons of the 20th century.

Designed by John Browning, this pistol, with its legendary reliability and firepower, represents the developmental starting point of a majority of automatic pistols to this day. It was the standard-issue sidearm of the US armed forces for more than 70 years and is still in use throughout the world. This detailed, illustrated book features the M1911 from its initial design, manufacturing, and testing, through its combat use in WWI, WWII, Korea, and Vietnam.

Through more than 370 images, this title includes close-up views of markings, as well as a serial numbers list, and a visual breakdown of the weapon.

Accessories such as magazines, ammunition, holsters, and cleaning kits are featured throughout the book, as are rarely seen combat-related uniform and equipment items.

Global Weirdness summarizes

everything we know about the science of climate change, explains

what is likely to happen to the climate in the future, and lays out,

in practical terms, what we can do

to avoid further shifts. In sixty easy-

to-read entries, Climate Central

tackles basic questions such as: -Is

climate ever “ normal ” ? -Why

and how do fossil-fuel burning

and other human practices

produce greenhouse gases? -What

natural forces have caused climate

change in the past? -What risks

does climate change pose for

human health? -What accounts for

the diminishment of mountain

glaciers and small ice caps around

the world since 1850? -What are

the economic costs and benefits of

reducing carbon emissions?

Illustrated throughout with

clarifying graphics, Global

Weirdness enlarges our

understanding of how climate

change affects our daily lives, and

arms us with the incontrovertible

facts we need to make informed

decisions about the future of the

planet, and of humankind.

You could say that my railroad, the Madham Line, is almost the most important thing in my life. Next to Andy Morrow, my best friend. Lots of people think Doug Hanson is a freak -- he gets beat up after school, and the girl of his dreams calls him a worm. Doug's only refuge is creating an elaborate bridge for the model railroad in his basement and hanging out with his best friend, Andy Morrow, a popular football star who could date any girl in school. Doug and Andy talk about everything -- except what happened at the Tuttle place a few years back. It does not matter to Andy that we live in completely different realities. I'm Andy's best friend. It does not matter to Andy that we hardly ever
