The Adventure and Romance of America, her people, her spirit and the West. Fourth novel of thirty-three books of the Threads West, An American Saga series--compared by reviewers, authors and readers to Lonesome Dove, Centennial, Louis L'Amour (with steam) and called by some the "Gone with the Wind of the West" and applauded by others as "rings true and poignant, as authentic and moving as Dances with Wolves". This multiple #1 bestselling series—winner of fifteen National Awards, (including Best Historical Fiction, Best Romance, and Best Western)—bursts with the adventure, romance and promise of historical America set in the West. The epic saga of Threads West begins in 1854 with Book One. We meet the first of five richly-textured, complex generations of unforgettable characters. The separate lives of these driven men and independent women are drawn to a common destiny that beckons seductively from the wild and remote flanks of the American West. In Book Two, Maps of Fate, they are swept into the dangerous currents of the far-distant frontier by the mysterious rivers of fate, the power of the land and the American spirit. Secret maps, hidden ambitions, and magnetic attractions inherent in lives forged by the fires of love and loss, hope and sorrow, life and death, shape their futures and the destinies of their lineage. In Book Three, Uncompahgre, the men and women of the saga having reached their initial destination: pre-Denver, Cherry Creek, are each faced with life altering decisions. Some must decide to pursue or abandon torrid love affairs that have flowered on the dangerous journey from Europe and across America. An aristocratic vaquero chased North by the Texas Rangers catapults into the tale. The next generation of Threads West characters will soon be born in the wilderness. The elderly slave couple, Oglala Sioux family, and renegade -- and his young, traumatized captive introduced in Maps of Fate—are bound ever more tightly to the arc of the tale -- their tragedy and triumph-filled tales weaving into the cloth of a collective destiny. In Moccasin Tracks, Book Four, the brave, passion-filled characters of Uncompahgre struggle in this unknown wilderness, racing against an early, foreboding winter to establish their

homestead, some preoccupied with serious pre-birth complications of the next generation of Threads West characters, other's compelled by an inner sense to blaze a separate trail, but all united to fend off ever-present dangers. The different personalities of their surviving offspring begin to manifest, some in disturbing ways. The Sioux family, bewildered by the increasing attack on their culture is swept unknowingly into the tumultuous vortex of momentous changes shaping the United States and the West as the tidal wave of white man's greed and intolerance inundates their ancestral territory. Land, love, gold, tradition and the burden of family responsibility shape these characters of divergent origin as they love and struggle in the beautifully vibrant but unforgiving landscape of the West. The personal conflicts inherent to these characters of uncommon cultures and competing ambitions are exacerbated by a nation in transition, the precipice of Civil War, and both deep bonds and lethal enmities with Native Americans. You will recognize the characters who live in these pages. They are the ancestors of your friends, your neighbors, your co-workers, and your family. They are you. They are us. This is not only their story. It is our story. It is Threads West, An American Saga.

NEW YORK TIMES BESTSELLER 10 BEST BOOKS • THE NEW YORK TIMES BOOK REVIEW • 2011 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • The New Yorker • Chicago Tribune • The Economist • Nancy Pearl, NPR • Bloomberg.com • Library Journal • Publishers Weekly In this brilliant narrative, Amanda Foreman tells the fascinating story of the American Civil War—and the major role played by Britain and its citizens in that epic struggle. Between 1861 and 1865, thousands of British citizens volunteered for service on both sides of the Civil War. From the first cannon blasts on Fort Sumter to Lee's surrender at Appomattox, they served as officers and infantrymen, sailors and nurses, blockade runners and spies. Through personal letters, diaries, and journals, Foreman introduces characters both humble and grand, while crafting a panoramic yet intimate view of the war on the front lines, in the prison camps, and in the great cities of both the Union and the Confederacy. In the drawing rooms of London and the offices of Washington, on muddy fields and aboard packed ships, Foreman reveals the decisions made, the beliefs held and contested, and the personal triumphs and sacrifices that ultimately led to the reunification of America.

A perfect and irresistible idea: A cookbook filled with delicious, healthful recipes created for everyone on a tight budget. While studying food policy as a master's candidate at NYU, Leanne Brown asked a simple yet critical question: How well can a person eat on the \$4 a day given by SNAP, the U.S. government's Supplemental Nutrition Assistance Program informally known as food stamps? The answer is surprisingly well: Broiled Tilapia with Lime, Spicy Pulled Pork, Green Chile and Cheddar Quesadillas, Vegetable Jambalaya, Beet and Chickpea Salad—even desserts like Coconut Chocolate Cookies and Peach Coffee Cake. In addition to creating nutritious recipes that maximize every ingredient and use economical cooking methods, Ms. Brown gives tips on shopping; on creating pantry basics; on mastering certain staples—pizza dough, flour tortillas—and saucy extras that make everything taste better, like spice oil and tzatziki; and how to make fundamentally smart, healthful food choices. The idea for Good and Cheap is already proving itself. The author launched a Kickstarter campaign to self-publish and fund the buy one/give one model. Hundreds of thousands of viewers watched her video and donated \$145,000, and national media are paying attention. Even high-profile chefs and food writers have taken note—like Mark Bittman, who retweeted the link to the campaign; Francis Lam, who called it "Terrific!"; and Michael Pollan, who cited it as a "cool kickstarter." In the same way that TOMS turned inexpensive, stylish shoes into a larger do-good movement, Good and Cheap is poised to become a cookbook that every food lover with a conscience will embrace.
