As featured in the Oscar-nominated documentary *Crip Camp*, and for readers of *I Am Malala*, one of the most influential disability rights activists in US history tells her story of fighting to belong. "If I didn't fight, who would?" Judy Heumann was only 5 years old when she was first denied her right to attend school. Paralyzed from polio and raised by her Holocaust-surviving parents in New York City, Judy had a drive for equality that was instilled early in life. In this young readers' edition of her acclaimed memoir, *Being Heumann*, Judy shares her journey of battling for equal access in an unequal world—from fighting to attend grade school after being described as a "fire hazard" because of her wheelchair, to suing the New York City school system for denying her a teacher's license because of her disability. Judy went on to lead 150 disabled people in the longest sit-in protest in US history at the San Francisco Federal Building. Cut off from the outside world, the group slept on office floors, faced down bomb threats, and risked their lives to win the world's attention and the first civil rights legislation for disabled people. Judy's bravery, persistence, and signature rebellious streak will speak to every person fighting to belong and fighting for social justice.

Chuck Pfarrer recounts some of his most dangerous assignments: On a clandestine reconnaissance mission on the Mosquito Coast, his recon team plays a deadly game of cat and mouse with a Nicaraguan patrol boat. Cut off on the streets of Beirut, the author's SEAL detachment must battle snipers on the Green Line. In the mid-Atlantic, Pfarrer's unit attempts to retrieve—or destroy—the booster section of a Trident ballistic missile before it can be recovered by a Russian spy trawler. On a runway in Sicily, his assault element surrounds an Egyptian airliner carrying the Achille Lauro hijackers. These are only a few of the riveting stories of combat patrol, reconnaissance missions, counter-terrorist operations, tragedies, and victories in *Warrior Soul* that illustrate the SEAL maxim "The person who will not be defeated cannot be defeated."

On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take several more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: "HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge."

### SEAL Target Geronimo HarperCollins

Chuck Pfarrer's acclaimed *Warrior Soul* has been called one of the finest memoirs of modern Special Operations Forces. Now the decorated Navy SEAL makes his dazzling fiction debut with this gutsy, riveting thriller about the action-packed hunt for history's most infamous rebel insurgent: Che Guevara. The year is 1967. Paul Hoyle, a CIA paramilitary officer, has resigned from the agency an incident in Laos that left one man dead and Hoyle's face scarred by gunshot. But Hoyle is soon drawn back into the agency's fold, finding himself a "fallen angel," an independent contractor the U.S. secretly sends to global hot spots. Bolivia, the poorest country in the Western Hemisphere, is a nation ripe for Communist infiltration and revolution. So the stage is set for a duel between world ideologies, with players from Washington to Moscow to Havana. After a Bolivian army unit is disastrously ambushed, Hoyle is dispatched to South America by a CIA concerned that another Vietnam may be in the works. With Cuban-sponsored guerrillas afoot and a corrupt Bolivian military opposing them, Hoyle finds the jungle a treacherous place where honor and morality are surrendered to the basic business of survival. Though Che Guevara, the charismatic revolutionary who helped Castro take hold in Cuba, is believed to have been killed in the Congo or executed by Fidel himself—a rucksack recovered after a deadly firefight suggests that the Marxist rebel may be heading up this new, highly effective insurgency. World-weary Hoyle draws ever nearer to the passionate revolutionary, as a struggle between worldviews is fought with automatic weapons in steamy jungles, veiled threats in government offices, and even exchanged secrets in hotel bedrooms—for at the center of this intense cat-and-mouse game are two captivating women who may hold the keys to these men's destinies. Tania Vünke is Guevara's crucial undercover operative and occasional lover, a conflicted woman with secrets entrusted to her by Guevara himself. And beautiful Maria Agular is the elegant mistress of the Bolivian minister of information, a tormented soul whom Hoyle dares to trust with both information and his heart. Terrorism expert Chuck Pfarrer

- Explores the archetypal and classical male ideal found in ancient societies around the world
- Examines some of the problems facing men in the world today and shares practices to develop yourself in the face of these problems
- Provides techniques for developing your thinking and focus, overcoming fear, relaxing tension in your body, and developing a self-image more appropriate to who you are and aspire to be

Ancient and classical societies have always had an ideal of manhood. In Japan, the samurai cultivated not only the art of the sword but also poetry, calligraphy, and spiritual practice. In Confucianism, the ideal man was the Chun-Tzu (the Higher Man), who cultivated both the arts of war and the arts of peace. And in medieval Europe, the knight lived by the comparable code of chivalry. Such men, considered both warriors and mystics, exemplified wholeness. Yet today, men exist in a chaotic world without role models, guidance, or a sense of the sacred masculine. Exploring how to reconnect with the archetypal male ideal and develop the different sides of your being, author Angel Millar offers a journey of self-development to help cultivate yourself as a whole—mentally, physically, and spiritually. He examines some of the problems facing men in the world today—lack of strong friendships, distracting technology, constant criticism—and shares practices to develop yourself in the face of these problems. He

shares techniques for enhancing your focus, overcoming fear, integrating your shadow, developing inner silence, and creating a self-image more appropriate to who you are and who you aspire to be. He also explores the importance of relaxing tension in your body to help you break free from pattern-induced behavior and self-defeating thoughts embedded through muscle memory. Examining in uential gures both contemporary and historical like Steve Jobs and Swami Vivekananda, powerful myths from East and West such as the tale of Sir Gawain and the Green Knight, warrior and brotherhood traditions as well as literature and fine art, this guide will help you discover your inner sacred masculine, a better understanding of the world and your place in it, and ultimately how to become a confident, strong, and dynamic contemporary higher man and a leader in your own life.

A transformational guide to getting yourself right in order to accomplish the work you were meant to do, from speaker, former U.S. Air Force officer, and member of the Ottawa tribe D.J. Vanas. When faced with an important job, and people depending on you to do it, most of us will give and give until there's nothing left. But running on empty, even for a worthy cause, only sets you up for failure in the long run. To persevere on the path to success requires more than sheer fearlessness and willpower. It requires what D.J. Vanas calls the warrior spirit, the kind of strength that looks outward but comes from deep within. Drawing inspiration from Native American philosophy and tradition, *The Warrior Within* outlines a new model for personal power in the face of overwhelming chaos. A true warrior is not the toughest or bravest person in the room. A true warrior is committed to self-mastery, knows how to navigate change and disruption, transforms setbacks into opportunities for achievement, refuses to quit, and most importantly, always fights for something bigger than the self. With a vast array of stories and examples, from vision quests to treacherous hikes to veterans and service providers at the front lines, Vanas shows how to apply these principles to transform how you show up both for yourself and those around you. More than an empowerment manual, *The Warrior Within* is a call to accomplish the world-changing work you were meant for by tapping into the power of the warrior spirit.
