*Writing Gender Writing Self* Simon and Schuster

A riveting account of one of the most remarkable episodes in American history. In his critically acclaimed history *Freedom Summer*, award-winning author Bruce Watson presents powerful testimony about a crucial episode in the American civil rights movement. During the sweltering summer of 1964, more than seven hundred American college students descended upon segregated, reactionary

Mississippi to register black voters and educate black children. On the night of their arrival, the worst fears of a race-torn nation were realized when three young men disappeared, thought to have been murdered by the Ku Klux Klan. Taking readers into the heart of these remarkable months, *Freedom Summer* shines new light on a critical moment of nascent change in America. "Recreates the texture of that terrible yet rewarding summer with impressive verisimilitude." -Washington Post

**Going to the Source, Volume II: Since 1865** W. W. Norton  
Many document readers offer lots of sources, but only *Going to the Source* combines a rich selection of primary sources with in-depth

instructions for how to use each type of source. Mirroring the chronology of the U.S. history survey, each chapter familiarizes students with a single type of source while focusing on an intriguing historical episode such as the Cherokee Removal or the 1894 Pullman Strike. Students practice working with a diverse range of source types including photographs, diaries, oral histories, speeches, advertisements, political cartoons, and more. A capstone chapter in each volume prompts students to

synthesize information on a single topic from a variety of source types. The wide range of topics and sources across 28 chapters provides students with all they need to become fully engaged with America's history.

Freedom Summer Hill & Wang

This provocative work challenges traditional accounts of Meriwether Lewis and William Clark 's expedition across the continent and back again. Uncovering deeper meanings in the explorers ' journals and lives, Exploring Lewis and Clark exposes their self-perceptions and deceptions, and how they interacted with those who traveled with them, the people they discovered along the way, the animals they hunted, and the land they walked across. The book discovers new heroes and brings old ones into historical focus. Thomas P. Slaughter interrogates the explorers ' dreams, how they wrote and what they aimed to possess, their interactions with animals, Indians, and each other, their sense of themselves as leaders and men, and why they feared that they had failed their nation and President. Slaughter ' s Lewis and

Clark are more confused, frightened, courageous, and flawed than in previous accounts. They are more human, their expedition more dramatic, and thus their story is more revealing about our own relationships to history and myth.

In 1957, Melba Beals was one of the nine African American students chosen to integrate Central High School in Little Rock, Arkansas. But her story of overcoming didn't start--or end--there. While her white schoolmates were planning their senior prom, Melba was facing the business end of a double-barreled shotgun,

being threatened with lynching by rope-carrying tormentors, and learning how to outrun white supremacists who were ready to kill her rather than sit beside her in a classroom. Only her faith in God sustained her during her darkest days and helped her become a civil rights warrior, an NBC television news reporter, a magazine writer, a professor, a wife, and a mother. In *I Will Not Fear*, Beals takes readers on an unforgettable journey through terror, oppression, and persecution, highlighting the kind of faith needed to survive in a world full of heartbreak and anger. She shows how the deep faith we develop during our most difficult moments is the kind of faith that can change our families, our communities, and even the world. Encouraging and inspiring, Beals's story offers readers hope that faith is the solution to the pervasive hopelessness of our current culture.

After the attack on Pearl Harbor, everything changed for Yoshiko Uchida. *Desert Exile* is her autobiographical account of life before and during World War II. The book does more than relate the day-to-day experience of living in stalls at the Tanforan Racetrack, the assembly center just south of San Francisco, and in the Topaz, Utah, internment camp. It tells the story of the courage and strength displayed by those

Life Writings/Narratives and studies in gender have been posing critical challenges to fetishizing the manner of canon formations and curriculum propriety. This book engages with these and other challenges turning our customary gaze towards women especially marginal, enabling us to interrogate the established pedagogical practices that accentuates the continuing denial of their agency. Reproduction of the cultural modes of narrativization based on memory and experience becomes a mode of reclaiming the agency. These challenge the homogenising singularity of communitarian notions besides dominant gender constructs using visual, textual, popular, historical, cultural and gender modes enabling one to rethink our received theoretical frameworks. This edited volume brings together 21 essays on life writings produced by both well-established and emerging writers in the field of literature written by scholars from countries like India, Pakistan, China, USA, Iran, Yemen and Australia, to name just a few. Many of the essays in this book focus on how the progress of the self is often impeded by the society it finds itself in. With an enlightening foreword by Dr. E.V. Ramakrishnan and a detailed, critical introduction by Aparna Lanjewar Bose, this anthology is useful for all those who wish to learn more about this genre of writing.

Acclaimed author James Reston, Jr.'s *Warriors of God* is the rich and engaging account of the Third Crusade (1187-1192), a conflict that would shape world history for centuries and which can still be felt in the Middle East and throughout the world today. James Reston, Jr. offers a gripping narrative of the epic battle that left Jerusalem in Muslim hands until the twentieth century, bringing an objective perspective to the gallantry, greed, and religious fervor that fueled the bloody clash between Christians and Muslims. As he recounts this rousing story, Reston brings to life the two legendary figures who led their armies against each other. He offers compelling portraits of Saladin, the wise and highly cultured leader who created a united empire, and Richard the Lionheart, the romantic personification of chivalry who emerges here in his full complexity and contradictions. From its riveting scenes of blood-soaked battles to its pageant of fascinating, larger-than-life characters, *Warriors of God* is essential history, history that helps us understand today's world.

“A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial segregation.”—Professor Charles Ogletree, Harvard Law School “Provides important context for an important moment in America’s history.”—Associated Press  
When fourteen-year-old Carlotta Walls walked up the stairs of Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the “Little Rock Nine,” as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her

story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

Winner of the Book of the Year, Children's Illustrated and Non-Fiction at The British Book Awards, 2021 Shortlisted for Waterstones Book of the Year 2020 A short, essential introduction to Black British history for readers of 12+ by award-winning historian and broadcaster David Olusoga. When did Africans first come to Britain? Who are the well-dressed black children in Georgian paintings? Why did the American Civil War disrupt the Industrial Revolution? These and many other questions are answered in this essential introduction to 1800 years of the Black British history: from the Roman Africans who guarded Hadrian's Wall right up to the present day. This children's version of the bestseller *Black and British: A Forgotten History* is illustrated with maps, photos and portraits. Macmillan Children's Books will donate 50p from every copy sold to The Black Curriculum.

*They Called Me Number One* GRIN Verlag Cultural messages bombard students daily, laden with unstated rules about what makes our work valuable, our bodies ideal, our connections meaningful. *Acting Out Culture* empowers students to critically read those messages and use writing to speak back to their culture and question its rules. This book appeals especially to those students who are not full participants in the dominant culture, as well as to their instructors, who want to help students see how subtle (and not so subtle) cultural forces can shape their lives--and how they can challenge and resist those forces. The new edition of *Acting Out Culture* builds on that success, with provocative readings (more than 50 percent of them new) that challenge the rules we live by; pedagogical tools to encourage students to read, think, and write critically about their culture; and instructional support featuring sample syllabi, additional discussion topics, and ideas for teaching with visuals and online content.

BC Book Prize, Non-Fiction, Bev Sellars, *They Called Me Number One* (Finalist) Burt Award for First Nations, Mtis, and Inuit Literature: Bev Sellars, *They Called Me Number One* (Third Prize winner) Like thousands of Aboriginal children in Canada, and elsewhere in the colonized world, Xatsu'll chief Bev Sellars spent part of her childhood as a student in a church-run residential school. These institutions endeavored to "civilize" Native children through Christian teachings; forced separation from family, language, and culture; and strict discipline. Perhaps the most symbolically potent strategy used to alienate residential school children was addressing them by assigned numbers only--not by the names with which they knew and understood themselves. In this frank and poignant memoir of her years at St. Joseph's Mission, Sellars breaks her silence about the residential school's lasting effects on her and her family--from substance abuse to suicide attempts--and eloquently articulates her own path to healing. *Number One* comes at a time of recognition-by

governments and society at large--that only through knowing the truth about these past injustices can we begin to redress them.
